Unleash the Power of Hybrid Printing

The Zeus V Digital Hybrid Squeegee-Jet is a digital hybrid inkjet and screen printing system. This DTG garment printer is the right answer if you are looking for a compact and efficient hybrid printing system compared to the other digital squeegees and the hybrid direct-to-garment machines. The Zeus hybrid unleashes the power of direct-to-garment (DTG) with the versatility and cost efficiency of screen printing.

The Zeus combines DTG inkjet technology with water-based screen printing. Simply screen print a white underbase and digitally on top. Print multi-color jobs with only 1 screen on almost any material and achieve great color brilliance and the highest wash-fast standards.

The Zeus V Digital Hybrid Squeegee-Jet lets you print direct-to-garment (DTG) on all garment types, including polyester, synthetic, performance wear/athleisure and cotton. Screen printers no longer need to buy expensive carousels or oval presses. The Zeus V Digital Squeegee-Jet eliminates the need to buy anything more than a 2 or 3 color automatic. Gain the freedom of printing multi-color jobs from one of Lawson's small footprint manual, semi-auto or fully automatic printing presses.

STANDARD FEATURES

- Integrates into Existing Automatic, Semi-Automatic or Manual Screen Printing Machine
- No Large Housing
- Epson Piezo Print Head Technology
- No Pre-Treatment Required
- No Flashing Required
- Prints On Cotton, Blends & Synthetics
- Printable Area Approximately 23" X 19"
- Estimated Printer Weight 550 Lbs
- 220 Volts; 1-Phase

OPTIONAL FEATURES

- Press Attachment Hardware
- Clear Topcoat Ink
- Foil Adhesive Ink
- Suede Adhesive Ink

| SPECIFICATIONS | |
|-----------------------------|--|
| Print Heads | 2 heads |
| Max. Printing Area | 460 mm x 460 mm |
| Max. Printing Resolution | 720 x 1200 |
| Production Speed | 200 pc per hour |
| Printer Dimension (WxHxL) | 42.5" x 51.5" x 55.5" (1080mm x 1310mm x 1410mm) |
| Weight | 552 lbs (250 kg) |
| Power Requirement | 220 V |
| Power Consumption | ~500 W |
| Optimal Working Environment | Temperature: > 68° F (20° C) Humidity > 35% |
| Ink Technology | CSC REi Technology |
| Ink Colors | CMYK |
| Software Included | Zeus V Printer Controller Caldera RIP v11 |
| Operating System | Windows 7 and above Linux Debian 2.3/8.6/8.8 |
