Offer students an athletic training library for one low price

Human Kinetics is pleased to offer the Athletic Training Collection—a subscription package of ebooks designed to comprehensively cover the primary curriculum, meeting the needs of students in a variety of educational programs. These ebooks have been carefully selected to equip students for a future career in the prevention, examination, treatment, and rehabilitation of injuries in athletes, with a focus on preparing students to pass the Board of Certification (BOC) exam.

In addition to the ebooks, students will also gain access to all ancillaries and web study guides related to these texts. This collection offers over 100 video clips demonstrating proper therapy, evaluation, and exercise techniques. Instructors who adopt this collection will also be granted access to the relevant ancillaries.

Searchable video library for diverse dance techniques, principles, and styles

Human Kinetics’ Dance Technique Collection is a digital instructional tool that’s essential for any institution with a dance program. It’s the only resource of its kind that combines this much authoritative content with user-friendly organization and supporting materials.

This curated collection features 488 video segments (380 minutes of content) and 146 photos of dance technique in a platform that is easily searchable and that users can access from any tablet, phone, or computer. The collection also includes glossaries of dance terminology in English and Spanish and downloadable vocabulary quizzes for each topic presented.
