About this mix:

A new POWER mix inspired by one of our delightful Bead Gallery Ohana players, Kim G.!! This gemstone mix is for strengthening your will, protecting you from negative energies that may shoot your way, and reminds to you to treat yourself with the highest good and respect!! A great one if you feel forever tempted by things that may not be what you need, (sweets, alcohol, tv, lol) and to remind us that we are self powered in our determination and outcomes!
