

Everything included with your CenturionPro automated trimmer.
All CenturionPro trimming machines also now come with a double set of tumblers.

UNSURPASSED QUALITY

Durability
Composed entirely of Anodized Aluminum and Stainless Steel, CenturionPro trimmers are built to withstand prolonged use with zero issues.

Toro Cutting Reel
High quality Toro hardened steel cutting reel combined with our magnetic blade technology, ensures a consistently sharp blade and the cleanest cut in the industry.

Double Set of Rugged Stainless Steel Tumblers
We now include a double set of our rugged stainless steel tumblers with every machine. Larger tumbler diameter ensures greater efficiency and output compared to other machines on the market.

Quantanium Coating
Our Quantanium Coated Tumblers give 40% greater trichome preservation by preventing precious trichomes from adhering to the tumbler surface. Learn more at cprosolutions.com/quantanium

SIMPLISTIC DESIGN

Easy to Clean
All of our machines, excluding the tumblers, can be quickly cleaned with a pressure washer in 10-20 minutes. The tumblers are easily cleaned with warm, soapy water and a quick wipe.

BEST PERFORMANCE IN THE INDUSTRY

Higher Cutting Power
Incredible cutting power ranging from 20,000 to 140,000 cuts per minute. Each system also comes with a well-designed leaf collector with a range of 1-6 hp motors for pure suction power.

Higher Processing Capacity
CenturionPro machines have an impressive processing capacity with the ability to do the work of up to 160 human workers. This allows our machines to trim a substantial amount of product per hour, dry or wet.

Finely Tuned Diverter
Ensure the preservation of different strains and densities with our unique diverter that allows you to fine tune air flow and cut during the trimming process.

Triple-Bag Kief Collection System
Our triple-bag system is designed for cleanliness, as well as trim and kief collection so you don't waste any of your precious product for further use.

BEST WARRANTY IN THE INDUSTRY

At CenturionPro, we know of the problems associated with downtime and the importance of tight timelines when it comes to the harvesting process. This is why all our machines are backed by an industry leading warranty (Trimmers = 10 Years / Buckers = 5 Years). Our knowledge, experience and technology will keep you up and running smoothly for decades to come.

Trust us, we got your back!!

TRIM BOTH
WET
AND/OR
DRY

Our machines are specially designed to trim both wet and dry material.

All CenturionPro trimming machines also now come with an additional tumbler for every tumbler the machine can accommodate, so you can keep on trimming. Avoid unnecessary downtime for cleaning. Just swap the tumbler out and keep running.

CENTURIONPRO INDUSTRIAL HEMP & CANNABIS HARVESTING SOLUTIONS

INDUSTRIAL MACHINES

Do you have a commercial operation that requires industrial scale harvesting machines? Experience unparalleled throughput by processing up to 3000 lbs of wet material (600 lbs dry) per hour with our comprehensive line of XL Trimming and Bucking systems. Visit our website for more details or call us at 1-855-535-0558 for a free consultation.

SEE IT IN ACTION

TABLETOP

The TableTop is the most efficient tumble style trimmer in the world. It can fit practically anywhere in your space, but don't be fooled by the size. The TableTop replaces over 16 human trimmers without sacrificing quality. The compact yet powerful design is capable of processing 20 lbs of wet product or 4 lbs of dry product per hour of use!

TABLETOP TRIMMER

SPECIFICATIONS	
Input Voltage	6 Amp - 110V NA
	3 Amp - 220V EU/AUS
Dimensions	24" L x 10" W x 21" H
Weight	50 lbs
Tumbler Diameter	5.5"
Cuts Per Minute	20,000
Blades Per Reel	7
Warranty	10 years

TABLETOP LEAF COLLECTOR

SPECIFICATIONS	
Input Voltage	12 Amp - 110V NA
	6 Amp - 220V EU/AUS
Dimensions	16" L x 13.5" W x 13.5" H
Weight	20 lbs
Horse Power	1 hp
Airflow Capacity	1800 CFM
Warranty	3 years

GLADIATOR

The Gladiator is currently one of the highest volume per hour automated trimming machines in the world. This industrial harvesting machine does the work of 100 human trimmers without sacrificing quality, making it an incredibly powerful tool for any commercial operation. Thanks to its dual tumblers and side-by-side design, The Gladiator can process 125 lbs of wet product or 25 lbs of dry product per hour of use!

GLADIATOR TRIMMER

SPECIFICATIONS	
Input Voltage	7 Amp - 110V NA
	3.5 Amp - 220V EU/AUS
Dimensions	30" L x 25" W x 28" H
Weight	165 lbs
Tumbler Diameter	6.5" (x2)
Cuts Per Minute	75,000
Blades Per Reel	11 (x2)
Warranty	10 years

GLADIATOR LEAF COLLECTOR

SPECIFICATIONS	
Input Voltage	22 Amp - 220V NA
	22 Amp - 220V EU/AUS
Dimensions	19" L x 22" W x 23" H
Weight	105 lbs
Horse Power	4 hp
Airflow Capacity	3,500 CFM
Warranty	3 years

MINI

The Mini is one of the most sought-after machines on the market and packs quite the punch replacing 40 human trimmers without sacrificing quality. With a processing capacity of 50 lbs wet or 10 lbs dry product per hour of use, the Mini is nothing but a powerhouse and is perfectly suited for small to medium size operations looking to streamline their process.

MINI TRIMMER

SPECIFICATIONS	
Input Voltage	6 Amp - 110V NA
	3 Amp - 220V EU/AUS
Dimensions	25" L x 10" W x 35" H
Weight	65 lbs
Tumbler Diameter	6.5"
Cuts Per Minute	25,000
Blades Per Reel	11
Warranty	10 years

MINI LEAF COLLECTOR

SPECIFICATIONS	
Input Voltage	14 Amp - 110V NA
	7 Amp - 220V EU/AUS
Dimensions	19" L x 19" W x 16" H
Weight	77 lbs
Horse Power	1.5 hp
Airflow Capacity	2000 CFM
Warranty	3 years

3.0

The 3.0 Medical Grade Trimming System is one of the highest industrial capacity automated trimmers in the world – and it comes Health Canada/FDA ready! This machine is composed of medical grade anodized aluminum and stainless-steel components to meet all regulatory standards. This machine can replace up to 160 human trimmers – without sacrificing quality and will harvest a whopping 200 lbs of wet product or 40 lbs of dry product per hour of use!

3.0 TRIMMER

SPECIFICATIONS	
Input Voltage	13 Amp - 110V NA
	3.5 Amp - 220V EU/AUS
Dimensions	36" L x 36" W x 28" H
Weight	225 lbs
Tumbler Diameter	6.5" (x3)
Cuts Per Minute	140,000
Blades Per Reel	11 (x3)
Warranty	10 years

3.0 LEAF COLLECTOR

SPECIFICATIONS

HP1 BUCKER

HP refers to "High Performance" and utilizes two rollers that pull the stem into the machine and pop the flowers off. This allows you to continuously feed the buckler for more efficient de-stemming and results in the industry's highest buck rate per hour.

The HP1 single workstation model comes with both a buckler stand and legs for optional table-top set up. With 5 infeed sizes, the HP1 accepts wet or dry stems up to 3/4" and can buck 175 lbs (or more) per hour, replacing 5-7 workers. Made of stainless steel and anodized aluminum, it is robust and easy to maintain.
