

SPILL KIT INSTRUCTIONS

Note: Your kit may or may not contain all of the general items discussed in this general instructions.

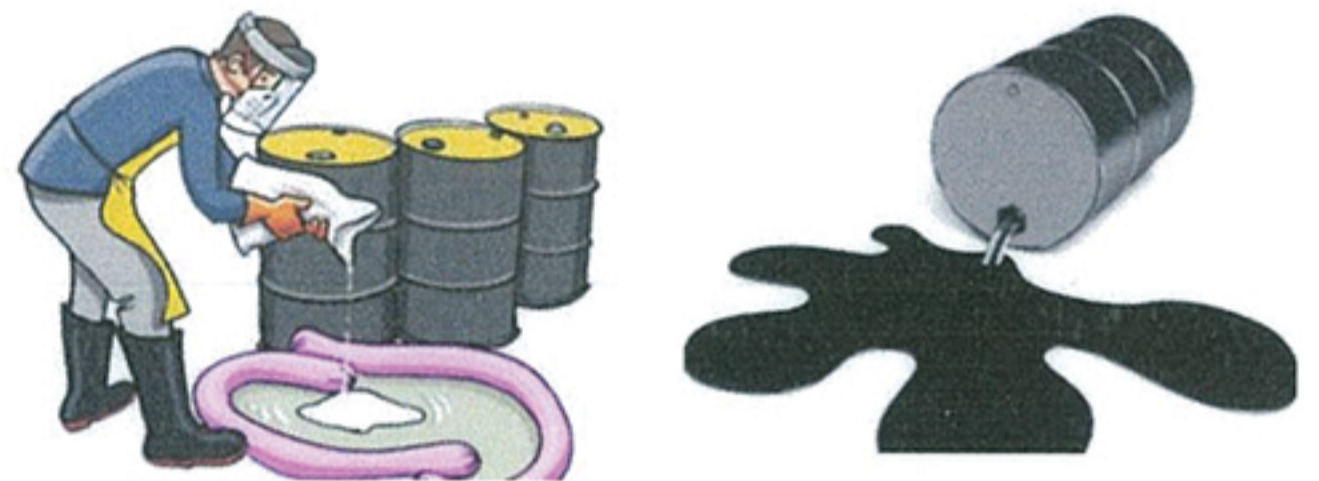

1. PROTECT YOURSELF

- Always wear the proper protective clothing and equipment to safely respond
- Access the spill and identify the liquids

2. CONFINE

- Confine the spill with Absorbent Socks/Pads
- Overlap Socks end by several inches to prevent liquids from breaking through

3. CLEAN UP

- Clean up the spill with Pads/Pillows or any loose absorbents
- Place the absorbents on top of spilled liquids for it to absorb

4. DISPOSE

- Place saturated absorbents in yellow/red bio-hazard containment waste bag and close with the cable tie
- Dispose of the waste bag properly

IMPORTANT NOTE

- If a spill occurs that threatens or harms the environment, you must inform your safety department or council as soon as you can.
- For a large scale hazardous spill, call the SCDF/Police.
