NORMAL CARE INSTRUCTIONS

Spot clean only with a water-free cleaning solvent. Pretest a small, inconspicuous area before proceeding. Do not saturate. DO NOT USE WATER. Pile fabrics may require brushing with a non-metallic, stiff-bristle brush to restore appearance. Cushion covers should not be removed and dry-cleaned. To prevent overall soiling, frequent vacuuming or light brushing with a non-metallic, stiff-bristle brush to remove dust and grime is recommended. When cleaning a spill, blot immediately to remove spilled material. Clean spots or stains from the outside to the middle of the affected area to prevent circling. Overall cleaning by a professional furniture cleaning service is recommended.

All fabric subject to dye lot variations
