

Smart Building Kit

Automated Monitoring and Management

Smart Building Solution

Enable Comprehensive Connectivity Within Smart Buildings

Differentiation through Innovations

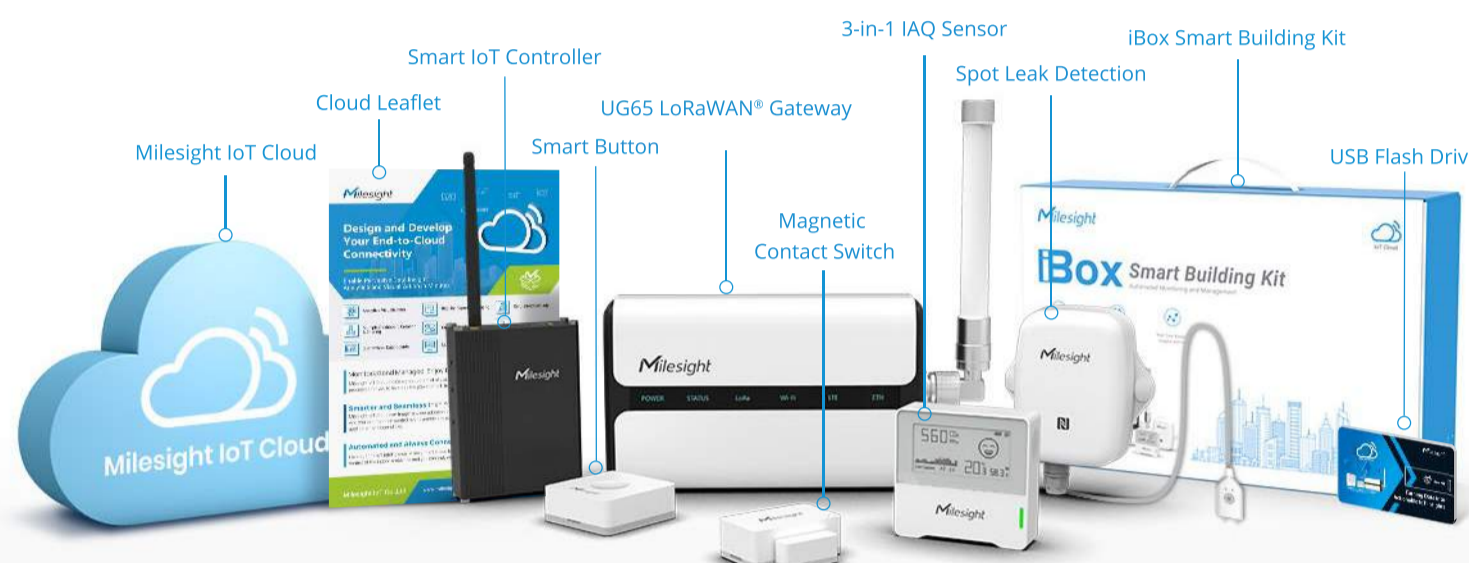

Convert Your Idea with Digital Innovations

The Smart Building Kit opens up a world where IoT insights and networking connections converge to improve building efficiency and increase productivity.

Monitored and Managed. Smart Building Gets Ready

Explore more for the Connected World

From hardware to software, Milesight Smart Building Solution offers a pervasive IoT connectivity that can help enable data insight, analytics and visualization in minutes.

Semi-Industrial LoRaWAN® Gateway

- Up to 2000 Nodes
- Over 2 km Radio Communication Range
- Ethernet, Wi-Fi

UG65

Smart Button

- Timely Alert/Call
- Multiple Press Actions (Single, Double & Long)
- 5 Years Battery Life (Press 10 Times per Day)
- Easy Configuration (via NFC)

WS101

Magnetic Contact Switch

- Window/Door Open/Close Monitoring
- Ultra-Low Power Consumption
- 4 Years Battery Life (30 Times per Day)

WS301

Milesight IoT Cloud

Pro1 Valid for One Year

- Custom Multiple Combinations of Conditions and Triggers
- Allow Admin to Check and Export Daily/Weekly/Monthly Reports
- Visualized Dashboard & Intuitive Widgets
- Drag and Drop Experience & Full Screen Mode Available

Milesight IoT Cloud

iBox Smart Building Kit

Automated Monitoring and Management

3-in-1 IAQ Sensor

- Light/Dark Color Theme
- Itsy-bitsy & Eye-Catching
- 2.13 Inch E-ink Screen
- Vivid Emoticon Indication
- Traffic Light Status Indicator
- Anti-theft Design
- Battery Powered up to 3 Years' Service Life

AM103

Smart IoT Controller

- Rich Industrial Interfaces
- Temperature Transmitter
- Intelligent Trigger System
- Autonomous Operation
- Flexible Cloud Integration

UC300

Spot Leak Detection Sensor

- Liquid Leak Detection
- Probe & Rope Type
- Industrial-grade Enclosure with IP67
- NFC Configuring
- Long Battery Use Life up to 10 Years

EM300-SLD
