Workplace Efficiency & Utilization

Smart Office Solution

The Smart Solution

The workplace and the way we work have gone through a massive transformation, making offices smart. The smart office can help businesses work more productively and efficiently by leveraging smart technology. Milesight iBox Series solution aims to build a workplace that works for the present and explore the potential of the future of work.

Everything Is about Smart

Forward and Future-Proof Thinking

Develop Device-to-Cloud Connectivity

The iBox Series can allow you to check visualized data and help to maintain control over these dynamic and scalable cloud computing environments for your workplace at finger clicks.

Enable Smart Spatial Use of Workplace

High Recognition Rate

The 95% recognition rate can help detect the moving objects in a certain place so as to make an informed decision and improve the collaboration and the utilization of office space.

Multiple Scenes Management

Occupants can predefine 6 scenes with different surrounding ambience, and it can be changed within a few seconds to meet your indoor ambience requirement.

Automated and Always Connected Magnify the Power of Your Office

Smarter and Seamless than You Ever Imagined

Milesight CoWork Solution, this drop-in IoT connectivity can help drive unparalleled device-collaborated flexibility, offering and managing a live overview of your workplace from cool to crucial.

Mini LoRaWAN® Gateway

- Eye-Catching Design
- Massive Connectivity
- Blind Spot Coverage
- Gateway Fleet
- Listen Before Talk (LBT)

UG63

Smart Button

- Timely Alert/Call
- Multiple Press Actions (Single, Double & Long)
- 5 Years Battery Life (Press 10 Times per Day)
- Easy Configuration (via NFC)

WS101

Magnetic Contact Switch

- Window/Door Open/Close Monitoring
- Ultra-low Power Consumption
- 4 Years Battery Life (30 Times per Day)

WS301

Milesight IoT Cloud

Pro1 Valid for One Year

- Custom Multiple Combinations of Conditions and Triggers
- Allow Admin to Check and Export Daily/Weekly/Monthly Reports
- Visualized Dashboard & Intuitive Widgets
- Drag and Drop Experience & Full Screen Mode Available

Milesight IoT Cloud

iBox CoWork Kit

Occupancy, Utilization & Efficiency Statistics in Digital Workplace

AI Workplace Sensor

- People Counting & Utilization & Occupancy
- >95% Recognition Rate
- 100% Private & Anonymous
- 78m² Coverage

VS121

PIR & Light Sensor

- Light-Assistant Human Presence Detection
- Presence Detection Distance: 10m
- 3 Years Battery Life (30 Times per Day)

WS202

Smart Scene Panel

- Multiple Scenes
- Customizable Display
- LoRa D2D Communication
- One-to-Many Control
