To Assemble:

See attached assembly instructions referring to the photo above for corresponding letters.

** Assembly videos can be emailed upon request **

Additional Info

- Actual pick up area is 19"
- The Bag-A-Nut will pick up nuts rolling forward or backward, but nuts will only be ejected into the basket while moving forward.
- To empty the basket, pull back the fittings (M) in order to disengage the stability bar (D) from the handle (A).
- While holding the stability bar (D) in one hand pointing up, lightly press down to spread open the basket supports (E).
- The basket (B) can then be removed by pulling up on the basket shaft.
- Satisfaction guaranteed; all parts are warranted from manufacturer's defects for one year from the date of purchase.
- Standard shipping charges will be added to order.

** Additional tines are included in packaging **

** Tools needed: hammer and #2 phillips screw driver **
