# LA HISTORIA CONTINUA

## CAPITULO DOS

Las ruedas giran, los engranajes engranan y las sinapsis disparan incansablemente. La gran empresa que es United Sports Brands continúa. Seguimos avanzando en la buena causa de la independencia multi-marca junto con una unidad de mente única

**2**018, Es la próxima evolución en nuestra plataforma de preparación, protección, ejecución y recuperación, que une todos nuestros esfuerzos. Hablamos y seguimos la filosofía Preparar, Proteger, Realizar y Recuperar. Estamos preparando para siempre lo que viene, protegiendo lo que es correcto, actuando en nuestro pico y recuperándonos inteligentemente de cada desafío.

En el exterior, cada marca está dando noticias y tomando su estrella en el centro de atención. En el interior, estamos constantemente entrecerrando los detalles, como las innovaciones de orden B2B super eficientes, refinamientos del servicio al cliente y una evaluación y elevación continua de nuestras operaciones.

Las ruedas están alineadas y son verdaderas. Los engranajes de The engrasan y se sincronizan. Y las sinapsis se alimentan con inspiración, compromiso y frecuentes salpicaduras de cafeína. En pocas palabras, no hay sentarse todavía en United Sports Brands (heck, la mayoría de nosotros hemos rechazado la silla para el let's-move-it-stand-up escritorio!).

### PAGE TURNER AHEAD

Flip, thumb, peruse, skim, pour, page and read through our latest masterwork of multi-branding, multi-tasking and multi-leveled performance.

Esta historia trata sobre la gratitud por su apoyo, pasión por lo que hacemos y nuestra visión hacia adelante. Somos abundantes con los tres. Aquí en United Sports Brands, estamos innovando lo más rápido que podemos para mantenernos por delante de la demanda de los consumidores, el interés de los atletas y las tendencias en evolución en el mercado.

Estamos celebrando los 25 años de innovación de Shock Doctor. Hemos renovado la línea de productos y la identidad de marca de Cutters para satisfacer las necesidades de los jóvenes atletas de fútbol. Continuamos promoviendo el liderazgo de McDavid con su equipo de protección HEX y la colección SportMed® con productos y envases de nuevo diseño. Nos quedamos sin espacio en nuestro almacén con todas las nuevas innovaciones de Nathan, incluyendo el galardonado VaporKrar y el chaleco de hidratación VaporHowe de este año. United Sports Brands es fuerte y listo para lo que sigue. En gran parte, gracias a usted.

Sinceramente,

Tony Armand  
CEO

“ UNITED SPORTS BRANDS IS STRONG AND READY FOR WHATEVER’S NEXT. IN LARGE PART, THANKS TO YOU. ”

## NBA Partnership

We are committed to and focused on Mouthguarding America. As the world's number one mouthguard, we've been mouthguarding games for decades. As the official mouthguard of the NBA, we are expanding and amplifying our platform to make basketball and all sports safer.

## Versatile Over Wrap System™

Support, relief and confidence just got smarter and easier. Introducing another example of Shock Doctor innovation wrapped in game-worthy performance.

## Bio-Logix™

This support and protection bracing technology blew collective minds when introduced last season—the mind blowing continues. Bio-Logix is just that: The world's most logical and effective approach to joint support science.

## True Ice™

Ice. Could not be simpler. True Ice. Could not be smarter. We utilize everything that's amazing about simple frozen H<sub>2</sub>O and make it better.

## Shock Wash™

We're diving into the personal care category with an innovative and refreshing product. Shock Wash is designed to clean and hygienically restore most Shock Doctor braces, supports and gear along with your favorite technical apparel. That smells good.

THE SHOCK DOCTOR FUTURE IS FOCUSED, COMMITTED, PASSIONATE AND ABSOLUTELY UNSTOPPABLE.

## JOINING FORCES

*The American Association of Orthodontists and Shock Doctor have teamed to shed a new and brighter light on dental and orofacial safety at all levels of sport. We're contributing our protective know-how and braces-specific intel, plus amping the critical message that Mouthguards Matter.*

# CORE PROTECTION

*At the core of **TO THE CORE***

Shock Doctor is all about more to the core. We've developed a full line of no-brainer, high-grade cups and the supporters, briefs and shorts that complement them. You can concentrate on what matters because we've concentrated on what matters most when creating the best core protection on the market and in the game. This is the core of confidence and performance.

## TITAN FLEX CUP

### 203 | Alloy Flex Cup

The Titan Alloy Flex Cup is the breakthrough that nothing can break through. A multi-layer protection device designed to shield and transfer shock away from areas where protection is most crucial, this lightweight, bio-shape cup forms a steel shield that will fit comfortably to an athletic frame.

- Constructed of stainless steel alloy for unparalleled protection
- Bio-shape design for maximum comfort and range of motion
- Gel perimeter pad for maximum comfort

# TO AIRCORE IS HUMAN

THE AIRCORE CUP FEATURES OUR 3-LAYER FUSION TECHNOLOGY MAKING IT 30% LIGHTER THAN TRADITIONAL CUPS AND 214% MORE COMFY (PURELY NON-SCIENTIFIC AND ANECDOTAL DATA).

GIVE UP NO PROTECTION, GAIN TONS OF COMFORT AND SPEED UP YOUR GAME.

PLAYING HARD, GOING FAST & PAMPERING

YOUR PERSONALS IS AVAILABLE IN BOTH SOFT AND HARD VERSIONS.

# ULTRAPRO

## Ultra Cup Retention System

**COMPRESSION** technology in our cup shorts adds another element of muscle-enhancing performance to your game. The facts are compression may help to increase **BLOOD FLOW** and increased blood flow is a very good and athletic thing.

An advanced system consisting of a close fitting **ergonomic pocket** and **internal strap** attachment that **secures** the lower two-thirds of the bio-shaped cup pocket in a more **natural position**, allowing the short to move independently from the cup for **superior comfort**.

Shorts are constructed of **four-way stretch** fabric that **wicks moisture**, plus chafe-free **flatlock seams**, a premium **micro-knit** waistband and **breathable contoured** cup pocket.

## Multi-Stage Protection

This is **STRENGTH IN NUMBERS**. Multiple elements interlock, overlap and complement each other for advanced, shock-absorbing protection.

Tech **transfers shock** away from vital areas (aka, the tender zone) while the **flex-curve** design and **orbital gel pads** boost **comfort** and **fit**.

Unique **X-FIT system** integrates for further **impact protection** and **ventilation**.

*We multi-task so you can single-focus*

PUT TOGETHER TO FULLY PROTECT AND PAMPER YOUR PERSONALS

# COMPRESSION / RECOVERY

*Better/Faster Smarter/Happier*

Compression is the science of biomechanics at work and in motion. We build supportive, blood flow-boosting and recovery-enhancing compression into a full array of performance products. Our SVR line transforms the science to an art form of Support Ventilation & Recovery (thus, "SVR").

## 927 | ELITE SVR Recovery Compression Socks

Put Swiss-made precision to work. Targeted Compression® improves circulation and support during activity with a better recovery to follow. Couple that with a blend of specialty yarns adding odor control and comfort for Elite level results.

- Targeted Compression™ increases blood flow to feet and calves
- Millimeters of Mercury: 18-21 mmHg at ankle. 12.6-14.7 mmHg at top of sock
- More comfort and better fit with anatomical 3D knit design
- Specialty seaweed and zinc yarns for added comfort and odor control
- Traction designed footbed for grip
- Unique specialty yarn for added recovery, energy, comfort, sweat absorption, circulation and antimicrobial properties
- 46% Tactel/26% polyamide/19% Timbrelle/9% spandex (elastane)

Sizes: XS-XL MSRP: \$49.99 USD Package: Box

927 \$ 1,799.00

## 925 | ELITE SVR Recovery Compression Calf Sleeves

Slip on Swiss-made excellence. Look forward to improved circulation and support with an enhanced recovery to follow thanks to Targeted Compression®. Add our blend of specialty yarns that control odor and increase comfort and you're on an Elite level.

- Targeted Compression™ increases blood flow to calves
- Millimeters of Mercury: 18-21 mmHg at ankle. 12.6-14.7 mmHg at top of sleeve
- More comfort and better fit with anatomical 3D knit design
- Specialty seaweed and zinc yarns for added comfort and odor control
- Unique specialty yarn for added recovery, energy, comfort, sweat absorption, circulation and antimicrobial properties
- 50% Tactel/40% polyamide/10% spandex (elastane)

Sizes: XS-XL MSRP: \$39.99 USD Package: Box

925 \$ 1,819.00

## 727 | SVR Recovery Compression Socks

The supportive SVR Compression Socks are made for real-time muscle recovery. The innovative seamless design supports the leg/calf to increase circulation, prevent soreness and help reduce muscle fatigue for faster recovery. Engineered foot, heel and toe compression provides long-haul comfort.

- Gradient compression down the calf, shin and achilles tendon
- Millimeters of Mercury: 18-21 mmHg at ankle. 12.6-14.7 mmHg at top of sock
- Breathable ventilated construction
- Four-way stretch moisture wicking fabric

# PERFORMANCE SPORTS THERAPY

*When active recovery gets real active*

## This is no on-the-couch therapy

PST is built for players who **must** play, ballers who **gotta** ball and doers who **shall** do. Whether you're recovering from injury, surgery or dealing with ongoing chronic challenges, we have a product that **supports your desire to go**. It's no coincidence that "Performance" is word one in PST. Performance Sports Therapy products are designed to help you perform **safer, smarter and better**. While our headline boasts, "no on-the-couch therapy," we all know that when your **body** is right, your **head** will follow.

## Progressive levels of therapeutic solutions:

LEVEL  
**3+**  
MAXIMUM+

### ADVANCED HINGED-FLEX-STABILITY-SUPPORT

## VERSATILE OVER WRAP SYSTEM™

*Wrapping all of our experience, intelligence and know-how into superior performance*

Great athletic performance depends on a unique balance of efficiency, effectiveness and results. Great athletic gear performance is no different. Shock Doctor introduces our Versatile Over Wrap System. This is lightweight, highly flexible joint therapy and support. This is streamlined technology and fully customizable to the athlete's compression and fit preferences. It wraps instead of pulls on, allowing quick and easy application, even over pants...now that's convenient. Versatile Over Wrap runs the range of support levels with various configurations featuring compression only, stays, straps and/or hinges.

**WRAP YOURSELF IN SHOCK DOCTOR SMARTS**

### 886 | EZ-ON Knee Brace w/ Versatile Over Wrap System™ & Bilateral Hinges / Straps

**BILATERAL DUAL HINGES** LEVEL 3 MAXIMUM

Versatile and targeted support of a variety of patella tracking issues and for high level support for medial and lateral stability and injury recovery

- Bilateral support hinges with hyper-extension stops and impact absorbing base pads
- Tempered aluminum stability stays securely anchored within webbing channels
- Quick wrap straps with integrated elastic full-wrap support help control wrap migration
- Lightweight and highly flexible without any loss in compression and support
- Precurved anatomical enhanced fit design
- Four-way stretch spandex [elastane] mesh at back of knee for comfortable flex and ventilation
- Premium stitching assembly and spandex [elastane] binding for long lasting comfort
- Easy to apply and manage without the need to slide on—can even be worn over pants
- Over Wrap system provides a customizable fit and compression determined by the user
- Top overwrap regulates fit, muscle support and compression
- Bottom overwrap isolate and stabilize the patella
- All straps attach in the front of the knee leaving the back free of straps for the greatest comfort and range of motion
- Fits left or right

# BIO-LOGIX™

## THE BIO-LOGICAL PROGRESSION OF GREATNESS

Last season marked the introduction of our **break-through** and **breakout** Bio-Logix technology. This is a bust-the-mold, radical re-think in the area of **joint support** and **protection**.

Bio-Logix is **low-profile**, **lightweight**, **comfortable**, **highly supportive**, **ergonomic** and essentially everything a high-speed, dynamic, competitive athlete would want.

It's also an award-winning champion: Taking home the **2017 ISPO Medical and Physio Equipment** hardware.

"First semi-rigid lightweight knee brace with compression sleeve to approach custom brace stability with a comfortable and flexible fit."

WE'D LIKE TO THANK EVERYONE FOR EVERYTHING.

# HOW TO MEASURE

## FOREARM / ELBOW

Measure arm circumference 2"/5 cm from elbow tip

## WRIST

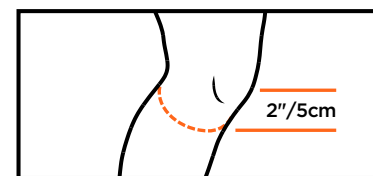

Measure wrist circumference directly over wrist bone

## CHEST

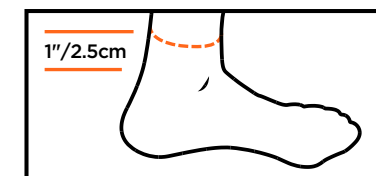

Measure chest circumference just below armpit & across center of pectoral muscle

## KNEE

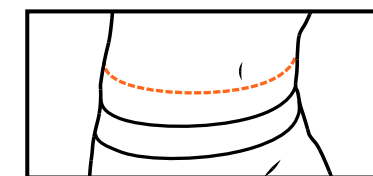

Measure knee circumference 2"/5 cm below center of knee cap (patella)

## ANKLE

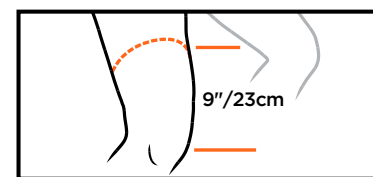

Measure ankle circumference 1"/2.5 cm above center of ankle bone tip

## WAIST

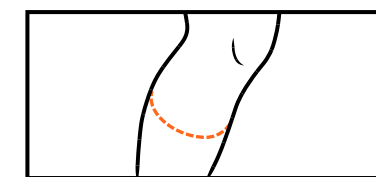

Measure waist circumference 2" below belly button

## THIGH

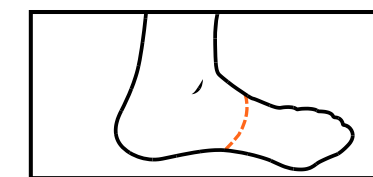

Measure thigh circumference 9"/23 cm above center of knee cap (patella)

## CALF

Measure circumference at the fullest part of calf

## FOOT

Measure circumference at center of arch directly over top of instep

We're diving into the **PERSONAL CARE** category with an innovative and refreshing product. Shock Wash is designed to clean and hygienically restore most Shock Doctor braces, supports and gear along with your favorite technical apparel. That smells good.

**KEEP IT MEAN, LEAN AND TOTALLY HYGIENE WITH SHOCK DOCTOR SHOCK WASH**

# IT'S A KNOW BRAINER

**HARDCORE PROTECTION.  
FEARLESS PERFORMANCE.**

CUTTERS:

# CUTTING THROUGH

**Cutters proudly and boldly announces our all-in football focus. We're concentrating our freakish efforts on the game that made our greatness the greatest. We're turning a page and so are you...**

You're **DIALED IN**. You're **AMPED UP**. Cutters continues to dial in and amp up the science of amazing grip. Our C-Tack® Grip Tech has a firm 10-&-2 grasp on industry leadership. We deliver locked-in confidence with substance, style and science. **LOOK** for cool palm designs, fierce new styles and all the in-the-clutch performance you trust us for. This is Cutters cutting through.

**CUTTERS™**

*GRIP the GREATNESS*

# GRIP THE GREATNESS

JULIAN EDELMAN  
Professional Football Player,  
New England Patriots

FIND THE GREATNESS in your hands by finding the greatness on your hands. You're the player who DEFIES MOMMA NATURE, denies gravity its due and delivers turf-pounding frustration. Lock in with the DOMINATING PERFORMANCE of C-Tack® and the next gripping idea from Cutters. You may not have brought the ball, but you'll leave with the ball.

CUTTERS

S452 | REV PRO 3.0  
SNAG THESE ON PAGE 162

We are the pioneers of performance grip. Other companies have attempted to meet our standards, but they don't match our grip, durability or overall performance. Our grip is a trade secret.

Cold, rain or shine our gloves will perform without compromise in all weather conditions.

Self-restoring grip material. Simply wipe down with a damp cloth when dirty.

All of our gloves are machine washable, it is recommended that you wash your gloves often to help clean and maintain the grip and life of your glove.

OFFICIAL PARTNER OF:

CUTTERS

# *A huge off-season catch for team Cutters*

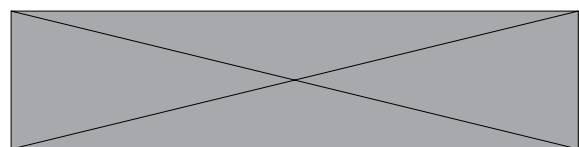

## **JULIAN EDELMAN**

We met to make the deal. Mr. Edelman wore his favorite Cutters gloves and we wore the same. The resulting handshake absolutely, positively stuck.

We're **proud, honored** and **thrilled** to welcome Super Bowl-Winning, Miracle-Catching, HOF-Bound Julian Edelman to the Cutters team and family. This is a partnership built on shared ideals of **authenticity**, a never-quit **work ethic** and a **desire** to make your QB look great.

Julian has been a Cutters Glove fan and user **since high school**. Through every career route, turn, cutback and adventure over the middle, Cutters has been to the left and right of JE. **Welcome** to where you've always been.

## PERFORM MIRACLES

WITH THE **NEW** JE11 BY CUTTERS SIGNATURE SERIES

Witness the miraculous. Developed and designed with input from The Man himself, Julian Edelman, these are the gloves that have gripped and lifted the Lombardi Trophy. These are the gloves that help Mr. Edelman catch just about anything within his zip code. These are the gloves that you should be wearing. This is the result of a close partnership (like QB and WR) between Number 11 and Cutters. We make the miraculous gloves; you make the miraculous catches.

WE HAVE A GRIP ON

PRINTED PALMS

**S452 | REV PRO 3.0**

\$ 1,599.00

The perfect Cutters combo of performance, fit and durability. The 3.0 is designed with a lightweight back of hand for maximum comfort and flexibility. Get more support and durability with strategically placed panels.

- Air C-TACK® Extreme Grip perforated for better breathability and cooling performance
- Secure Flexible comfort back of hand
- Power Band provides a secure locked in feel
- Intelligent panel additions for more support and durability
- Flex zones promote flexibility and comfort
- True fit C-TACK thumb locks down thumb and provides added grip surface
- Neoprene cuff for added wrist comfort

Sizes: S-3XL      MSRP: \$44.99 USD      Package: Hanger card

Many glove makers flaunt their printed palms, but none will fess up to the fact that their printing process requires not-so-grip-worthy silicone. Cutters Printed Palm Gloves are Show AND Go! After countless hours of research and testing, we were able to apply printing to our C-TACK® material to provide players the grippiest grip on the planet.
