### **BRANSON**

# **Sonifier Cell Disruptor**

### **Acoustic Enclosure**

**DESCRIPTION:** Although ultrasound is above the audible range of the human ear, mechanical noise occurs when liquids are treated ultrasonically. The noise may be disturbing in a room with low ambient noise level if exposed for prolonged periods of time.

Operating the Sonifier® in the Soundproof Enclosure can minimize mechanical noise produced by ultrasonic processing. The sturdy cabinet is lined with waterproof, sound-absorbing material, which is impervious to most solutions or laboratory regents and can be easily cleaned. A fully-transparent door enables viewing of the process while limiting the noise to an acceptable level.

The decibel rating will lower by 20-25db.

Openings at the top and bottom of enclosure make for easy access for use with either a cup horn or standard probes.

Comes with inside column and adjustable clamp plate.

Side panel allows for placement of horns, tips and manuals.

#### **SPECIFICATIONS:**

Actual Weight:	19.5 lbs.
Shipping Weight:	30 lbs.
I.D.:	13"W x 11"D x 21.5"H (330 x 280 x 5466mm)
O.D.:	18.5"W x 12.5"D x 28"H (470 x 318 x 711mm)
Part #:	101-063-275
Adapter #: (Only Needed for SFX 15)	100-121-074 0 and SLP Sonifier)

## Global Technologies. Local Solutions.

Branson's unmatched global resources ensure optimal solutions for the most challenging ultrasonic precision cleaning and materials joining applications. With 1600+ employees in over 70 sites worldwide, we can rapidly respond to our customers' needs, wherever they are located.

Branson understands local markets and regulations, and the open collaboration among our global offices and extensive staff of application specialists quickly produces solutions for customers. We partner with companies of every size and scope to help resolve critical issues ranging from market changes, product quality/life cycles and production costs, to employee safety and environmental compliance. And, Branson's commitment to the publicly funded industrial collective research initiative and cooperation with various research centers have produced widespread innovations in ultrasonic cleaning and plastics joining technology that are benefiting companies everywhere.

Branson is a leading innovator in Emerson, a diversified global

manufacturing and technology company. Emerson is a progressive company working to develop products and processes to resolve global issues, including energy supply and distribution, information and networking, climate and environment, manufacturing efficiency, and product performance. Emerson is dedicated to the pursuit of breakthrough technology developments never before envisioned.

Branson brings exceptional quality, fast delivery and competitive prices. Contact your nearest regional center today.
