

Collection Particuliere

Fao Sofa

This product is made to order in France.

A distinguishing characteristic of the FAO collection is its architectural silhouette, much like the LEK. Sculpted and gently curved back and arms gently envelope the silhouette. Its' back and sides have a undulating shape that makes this beautiful sofa perfect for floating in a room. The Fao has a low European seat height with a firm cushion, and it sits directly on the floor. The sofa series is offered in a variety of configurations and is available in a selection of fabrics or COM (Customer's Own Material). To make a fabric selection and place an order, please contact Concierge. Refer to View/Print Spec Sheet for all dimensions. Customation is available, including the change of a radius curve, the depth, length, or seat height. For advanced customizations, a 10% surcharge will apply to account for the extra labor of the design team. As a general rule, this will be any time our ateliers require our design team to redesign and provide a drawing.

Details
