Nobu

Low in profile and wide in stature, the Nobu sofa exemplifies our 1970's viewpoint of low, deep, chunky seating. Made for people who want to curl up with their legs and feet on the sofa while chatting, low sofas have a sleek appearance and fit well in modern spaces. A unique feature of the Nobu is its plump back cushions which sit atop the seat unattached, with a weighted mechanism for sturdiness, allowing the lucky lounge to move them around into any configuration that suits the mood.
