

# FJ40 Euro Spec Mirror Assembly Guide

For 8/76 to 84 Model Years

*City Racer LLC*

# Introduction

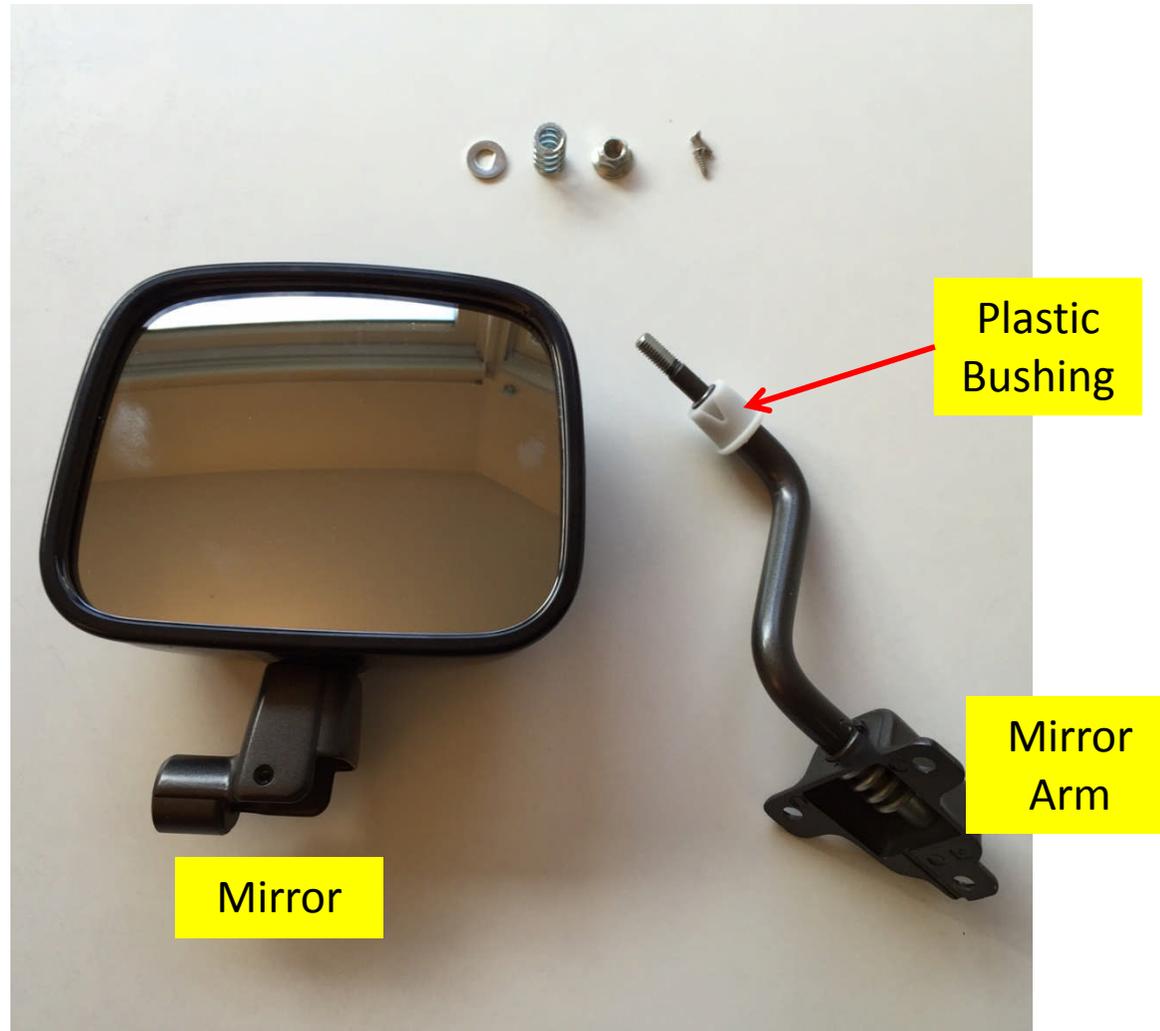

---

Both the mirror and the mirror arm are “un-handed”, meaning these pieces can be installed on either side of the car.

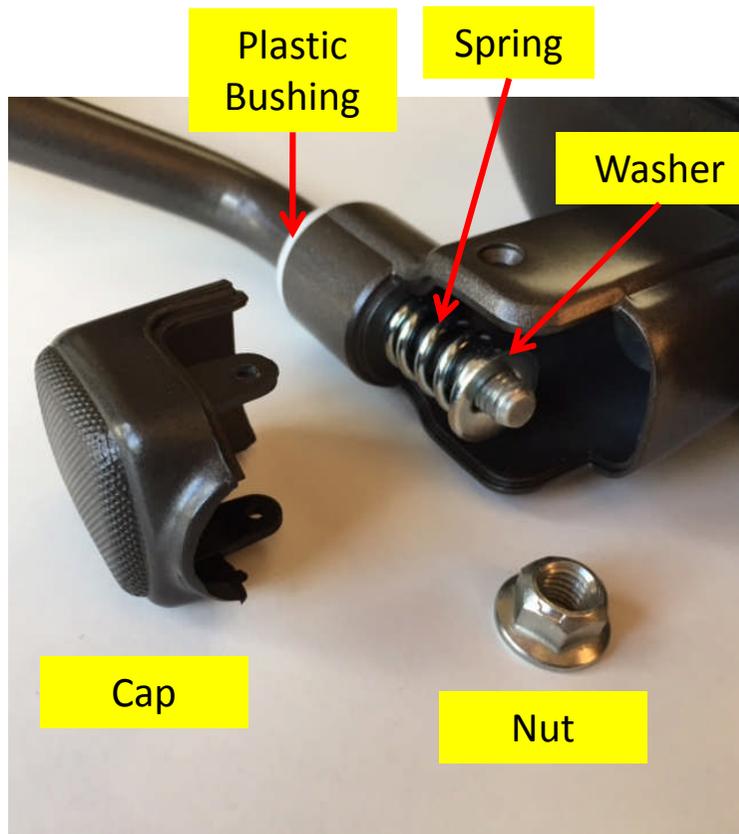

The mirror handle can be rotated by 180 degrees to fit on either the left or right side.

# Components

# Attaching the Mirror Arm to the Mirror

The cap can be removed by removing 2 screws. The mirror arm should be slipped through the plastic bushing and into the mirror handle. The spring, washer, and nut should be assembled as shown.

# Installed
