Directions: Shake before using. Hold can upright 6" from surface. Spray lightly. Polish right away with a soft clean-cloth. For small areas, spray cloth, then polish. OZ POLISH does not require excessive rubbing – the surface brightens immediately and will not show fingerprint marks. Previously waxed and oil polished surfaces can cause smudging because of build-up. If so, remove with mild detergent and warm water before applying OZ POLISH. Keep from freezing and do not apply to flat painted surfaces.
