MIR Collections

VOLUME

I

Art comes in many forms. Our art form is Tile. We design a lifestyle and create a gallery in each room for you to experience and admire our collections. The essence of Mir Collections is to strive and innovate exclusive tile lines that we can introduce to the world with pride. Within this Volume we introduce you to the expansive collections we have designed and the elements we use to create concepts, colors, and textures.

Our story is distinctive and our message is clear that within the pages of this book you will find inspiration.
