Ref. No.: (62) MTCC 7/4 Vol. 4

Date: 19 January 2010

This is to confirm that the Rubberwood products of Night & Day Furniture LLC. as listed below are processed / manufactured from Rubberwood logs harvested from rubber plantations which are managed through systematic planting and replanting programmes (usually on a 25-year rotation). The trees are felled when their lifespan for latex production is no longer economic and replanting is necessary. In this respect, Rubberwood products are environmentally friendly.

- Beds
- Futon Sofa
- End Table
- Storage Drawer
