2. Cut around all the templates following the black lines. Try to be as accurate as possible as this will determine the quality of the finished product
3. Where indicated, hole punch the shape in the corner on the smaller gift tags.
4. On the larger gifts tags using for embellishing gifts, add either glue or double sided tape and a green pom pom to the Bubble O Bills nose. This is optional, but adds a nice 3-dimensional touch to your gift wrap.
5. Lastly decorate your wrapped present, photo frame or craft project using your gift tags and embellishing tags.

MINI FELT GROCERY BAG

here's what you'll need:

1. Fabric scissors
2. Black Texter
3. Ruler
4. Pinking shears
5. Pins
6. Sewing Machine
7. 4 x A4 brown Felt

step 1

Cut felt into below sizes:
 One x 7.5cm x 12.5
 Two x 7.5cm x 18cm
 Two 12.5 x 18cm
 Two 30cm x 3cm

step 2

Pin the two 12.5cm x 18cm pieces to the 7.5cm x 12.5 piece. Then sew them together about .5cm from the edge.

..because we are making this bag from felt there are no edges to finish off so it won't fray.

step 3

Once you've done that pin on your 7.5cm x 18cm pieces to each side to form the bag and sew the edges. Then turn the bag inside out.

step 4

Then cut round the open top edge using pinking shears to create the zig zagged effect.

step 5

Now pin and sew on your handles.

Now your children can go shopping and carry lots of little treats in their new bags.
