Wood Species used to Create

## APOLLO 50TH ANNIVERSARY INTARSIA

*Judy Gale Roberts 2019*  
Artist Judy Gale Roberts

\*Moon Wood From the Moon Tree, which grew from a sycamore seed that traveled to lunar orbit during the Apollo 14 mission in 1971. Kennedy Space Center lost their Moon Tree in 2017 during hurricane Irma, the sycamore wood from the tree is inlaid in this Intarsia piece where it will continue to be a part of the center for years to come.

I am truly honored to have been selected to create this piece for NASA. *One small step for me, one large step for Intarsia!* Millions of people will see this piece for years to come and see what Intarsia is all about. The piece was commissioned by NASA, it will be on permanent display at the Kennedy Space Center (near the moon-tree garden) at Cape Canaveral, Florida.

The Apollo 11 50th Anniversary Intarsia piece contains over 1,300 individual pieces. The entire project took approximately 150 hours to design and select the shades of wood, and 1000 shop hours to cut each piece and sculpt/contour the surface. After the basic shape is achieved it is hand sanded to remove scratches. Then each piece receives three coats of clear varnish to protect the wood and bring out its natural color. They provided "Moon Wood" to incorporate into the piece. Moon Trees were grown from seeds that traveled to lunar orbit during the Apollo 14 mission in 1971. The Kennedy Space Center lost their sycamore moon tree during hurricane Irma. The Center will have a part of their tree forever inlaid in this Intarsia masterpiece. I used blue dye for the flags, the rest is the natural colors of the wood.

I was fortunate to have a great crew working as a team to make this happen. Stephen Catlett, my husband, took care of the business details. Pete Ricci and Marianne VanderVoord expertly cut thousands of parts on the scroll saw. Stacy and Marianne helped apply the finish to all those pieces, 3 times! Stacy Stackhouse took most of the progress photos on the website, [intarsia.com](http://intarsia.com). *I couldn't have done it without all of you!*

## Old Friends Intarsia Mural

Senior Dog Sanctuary

Approx. 72" W. x 60" H.

Michael and Zena, founders of the rescue, asked about making a large intarsia piece to hang in their new facility. The piece will include at least 38 dogs, some have crossed the rainbow bridge. The piece will have "angel dogs" in the frame and a few "free flying" dogs throughout the building. Michael has been doing intarsia since 1999, he has commissioned me to design and create the piece. When he has time, between his busy schedule taking care of the dogs well being, he will help sand the pieces.

### Facebook@OldFriendsSeniorDogSanctuary

"Old Friends Senior Dog Sanctuary is a Forever Foster Home based Sanctuary in beautiful Mount Juliet, TN, generally housing approximately 120 senior dogs at the Sanctuary and others in temporary and Forever Foster Homes. We do not concern ourselves with the quantity of time that they have left, rather the quality of life we can provide them for that time. Old Friends Senior Dog Sanctuary is completely funded by donations, grants and FUNdraisers. Donations can be made by PayPal, call or visit the website."

# About the New Patterns

## I A II-23 Eagle & Banner

**NEW**  
32" x 20" 186 pcs  
**NEW OPTION** For the Apollo Patterns, You can purchase a set of Eight, of the same pattern, printed on high quality transparent vellum paper with *red ink*. No need to have copies made with black ink. I would suggest downloading photos online to help with selecting wood and shaping the parts.

## A II-24 Lunar Module

25" x 23 1/2" 448 pcs

## A II-22 Astronaut & Flag

**NEW** 23 1/2" x 30 1/2" 620 pcs

**NEW**

## I A I-395 Sea Turtle \$9.95

25 1/2" x 35 1/2" 187 pcs

**Updated**

## I-88 Snowman & Chickadee

14" x 12" 33 pcs

*\*For more accurate cutting the red ink makes it easier to see the scroll saw blade.*

II-23 "Eagle and Banner" \$14.95 for one - \$39.95 for a set of 8 Included on the pattern is a banner with some stars and stripes and a blank banner you can add whatever you would like. The woods used are shown in the photo on the left, page 2.

II-24 "Lunar Module" \$19.95 for one- \$45.95 for a set of 8 It's hard to believe the LM has so many parts, especially when it's put together. While you're cutting, sanding, and applying the finish you are very aware of all the parts. Before starting the project I was collecting as many shades of blue pine I could find for the module. The darker shades are harder to find. Thanks to Jack and Judy Francis, at the Handsome Woodman.com, they supplied most of the blue pine.

II-22 "Astronaut and Flag" \$24.95 for one- \$49.95 for a set of 8 I used a combination of spalted hackberry and maple for the lunar surface. Holly, aspen and blue pine for the astronaut suit, and a very cool WRC knot for the glass portion of the helmet. I did use some blue dye on the blue pine for the flag. The stars are inlaid with holly, aspen and red heart for the stripes. Most of the woods used are shown on page 2.

I-395 "Sea Turtle" I had some great photos of sea turtles from a few snorkeling trips. I had this project on the "back burner" for a few years now until I found the perfect piece of wood for the shell. It's a piece of spalted maple that looks like marble and had the colors I was looking for. I used redwood burl for the fins and Peruvian walnut for the dark.

I-88 "Snowman Chickadee" I made this project in 1994. I can't believe it's been that long ago. I used 1 1/2" thick wood for the original project to make a robust snowman. I remade the snowman for ScrollSaw Woodworking and Crafts magazine. I decided to reduced the size and make it a free standing piece. I used aspen for the white and some red heart for the gloves, scarf and hat, and a piece of Spanish cedar for the carrot nose. I had a unique piece of spalted hackberry I used for the wing of the chickadee. *Have fun, Judy*

## Apollo 50th Anniversary Patterns

We are offering the Apollo patterns in a set of Eight patterns printed on high quality transparent vellum paper with red ink. No need to have copies made with black ink. We get many requests, especially on this larger size paper, to sell multiple copies of the pattern.

It usually takes at least 6 copies to make a project, we've added 2 more because we're all humans. You can buy just one as noted above each pattern.

For more accurate cutting the red ink makes it easier to see the scroll saw blade.

## Flex Drum Sander

Motor Not Included

**DS-1 \$39.95**

This soft drum sander will help you attain the soft contours on your Intarsia projects. This specially designed unit clamps to your 2000 (or 1725) R.P.M motor. Designed to fit 5/8" motor shaft it also comes with a reducer bushing to fit 1/2" motor shafts. The flex sander is approximately 2 3/4" in diameter x 7" in length. You can sand past the ends without the fear of marking the work piece. Plus you can carve with the edge of the soft sander.

DS-1 Flex Sander (comes complete with 80 and 120 grit sleeves with pad).... \$39.95ca.

IS-G180.. 180 grit 1"x 10 yard roll.. \$10.50

The flexible flat sander is great for contour sanding.

The Bow sander makes it easier to sand those hard to get to areas.

The Flat sander comes with some pre-cut strips of sandpaper to help get you started.

## Line Master Scroll Saw Foot Switch

Comes pre-wired with a 6' cord, just plug the switch in your outlet and then plug your saw in the back of the foot switch cord, no special wiring needed.

**FT-1 \$27.95**

## Foredom Variable Speed Bench Lathe (speed range: 500 to 7,000 rpm)

The Bench Lathe has a high torque, permanent magnet motor that is extremely quiet and smooth running. Cast iron base has mounting holes and suction cup feet for a secure hold on the work surface. Comes with right and left precision machined Tapered Spindles (A-TM-5 and A-TM-6) for holding buffs and wheels up to 4" in diameter. Flex Drum sander doesn't work with the unit.

#BL-1 \$197.00

1/4" Collet holder with Collets. Comes with 3 collets for holding accessories with 1/4", 1/8" and 3/32" shanks. #CHA-5 \$28.95 ea.

## ▼ Kirjes Inflatable Sanders ▼

### Kirjes Inflatable Sanders - Use with Foredom

To use the Kirjes Inflatable Sanders you will need to purchase two 1/4 Collet Holders #CHA-5. We recommend mounting the #140 on the right and the #120 on the left of the bench lathe. *The Kirjes K-130 will not fit the lathe.*

The Kirjes sanders are soft on the edges which makes getting into tight places without tearing up the rest of the piece much easier. These little sanders have saved me time when adding extra detail to my intarsia projects. The air is pumped in through the stem. Be sure to place the sanding sleeve over the edges of the black rubber bulb. I use a rougher grit on the K-120 (like a 80 grit) and a smoother grit on the K-140 (220 grit).

## 2" Unitized Wheel & Mandrel

Use with the Foredom

Mini Wheel 2" Diam. Unitized Wheel 1/4" thick with a 3/8" arbor hole.

Mandrel Screw type mandrel is for mounting the 2" Mini Wheel 2" overall length, use on the right side.

Use on the **Right Side** Collet

**#MN \$6.50**

These mini wheels are very similar to the Wonder Wheel. The smaller size made it easier to see what I was doing. I was able to add much finer lines. The Mini Wheel does not replace the Wonder Wheel for texturing large areas. It wears down more quickly than the Wonder Wheel. I used a wheel dresser to sharpen the wheel to a "V".

## Hardware Items

### Daylight LED Magnifier Light

#DSML ~~\$169.00~~

**Special  
10% Off  
\$152.10**

Suggested MGF \$230.00

The Daylight Slimline LED Magnifying Lamp provides high contrast which makes this lamp the best tool for sawing intricate pieces of wood. LED's never need replacing and use very little energy. Includes two 13cm - 5" glass lenses (3 diopter-1.75X and 5 diopter-2.25X) that are easy to change. **\$20.00 shipping & handling**

### "Wonder Wheel"

The Wonder Wheel can be used to add texture to all Intarsia projects. The wheel also darkens/burnishes dowels used for eyes. The Wonder Wheel is 6" in diameter x 1/2" wide with a 1" mounting hole. It fits on the shaft of a bench or pedestal grinder. Max R.P.M. is 4,500. The 1" mounting hole will need a reducer bushing (shown below) to fit on the shaft of the bench grinder motor.

### Telescope Reducer Bushings #BU \$3.00

**Easy to Use**  
Reduces 1" to down to 1/2", 5/8", or 3/4"

### Diamond Wheel Dressers

WD  
\$14.95

The Wonder Wheel is flat when it arrives. You will need to sharpen the edge to be able to use it for adding texture to your intarsia projects. The Coarse Diamond Wheel Dresser will do the job quickly and efficiently.

FWD  
\$14.95

Fine Wheel Dresser, same as above, just a smoother grit for extra fine points on the wheel.

## OLD MASTERS

### Polyurethane Wiping Gel

Clear Gel  
OM \$15.95pt.

White Gel  
OMW \$14.95pt.

We apply three coats of the Old Masters gel to each piece before gluing down. The gel is easy to use and produces a very nice professional finish.

**Intarsia Whiting Gel** for white pine or any white wood that yellows. The white pigment will help keep the wood a lighter shade. For more natural results just use one coat of white followed by two coats of clear.

**Old Masters is only available to those living in the contiguous U.S.**

**1 can of gel is \$10.00 shpg • 2 to 3 cans \$13.00 shpg • 4 cans \$15.00 shpg • 5 cans \$16.00 • over 5 cans please call.**

## Fretwork Scroll Saw Pattern Books

The Fretwork patterns are a great way to gain experience on your scroll saw. The pieces are cut out like a stencil, no inlay involved. **On sale for only \$5.00 each (plus shipping).**

## *the "Intarsia Experience"* 2020 Intarsia Class Information

2020 Beginner Class Dates		
May.....12th - May 15th	May.....19th - 22nd	Sept..29th - Oct.2nd

2020 Intermediate Class Dates	
May.....26th - 29th	October.....6th - 9th

**Beginner Class:** The class will cover the basic skills required to get you started on the right foot with Intarsia. We thoroughly explain each step from choosing scroll saw blades to applying the finish. Each step is demonstrated with time for questions ensuring everyone understands the process. All the wood, patterns, and supplies are provided.

**Free Style Intermediate Class:** You can choose from any Intermediate or Beginner/Intermediate project from the Newsletter. We will send you the patterns for the project along with a list of wood suggestions. Cutting the project at home, at your own pace, allows more time to focus on sanding and contouring your project. We suggest a minimum of 25 Intarsia projects completed before this class. If not, we suggest you make more projects before the class, or take the beginner class first.

**Tuition \$545.00**

**Classes are three and half days, Tuesday 1:00pm to 4:30pm, Wednesday through Friday 9:00am to 4:30pm. We provide lunch, refreshments, and snacks during the day.**

**Payments:** To register for a class we require a \$200.00 deposit. Full payment for the tuition must be received two weeks prior to the beginning of your class. We ask that you notify us as soon as possible if you have a change of plans so that we can fill your class space. There will be a \$50 fee to transfer from one class to another. Class payments will not be transferred to future classes outside the current year's class schedule.

**Refund And Cancellation Policy:** To be eligible for any returned money, you must notify us as soon as possible. There will be an automatic \$50 cancellation fee for any canceled registration, regardless of the date of withdrawal. If you withdraw from a class more than 60 days in advance, the school will refund the deposit on the class, less the \$50 cancellation fee (refund of \$150.00). If you withdraw 30 to 59 days before the class, the school will refund only 50% of the deposit on the class, less the \$50 cancellation fee (refund of \$50.00). If you withdraw within 29 days of the class, there will be NO REFUND ON ALL PAID MONEY FOR ANY REASON. If you cancel a class and are eligible for a refund, the available refundable money can be applied to another class in the same year (less the \$50 cancellation fee). You cannot transfer money to another class in the next year's schedule. If for any reason Roberts Studio must cancel a class, all money will be refunded.
