FRAMING

Rest easy, knowing that each piece is painted in my studio while my heavy dog lays on my feet. Having said that, which has nothing to do with framing, you can choose the following framing methods:

- Float framed, natural wood
- Gallery wrapped painted edge (1.5" thickness)
- You frame upon delivery with your interior designer or favorite framer (unframed 3/4" thick canvas)

SCHEDULING

I book slots on a first come, first served basis, but I do try to accommodate requested deadlines where I can. I will send you your delivery date after our first conversation. Turnaround times: 4-16 weeks, depending on studio schedule.

Based on our creative brief conversation, I will develop a black and white sketch for composition and value as our starting point for approval. I will use that as I paint and will send a progress shot at about 75% completion for review.
