ANTI FLAVOR BURNING PROTECTION

USB-C Port

Recharge device with a USB-C cable (sold separately).

- **Power Button**
Press the button 5 times to power on/off device.
Press the button 3 times to change the power mode.
- **Adjustable Airflow**
Rotate the airflow control to adjust your airflow preferences.

FAQs

• WHAT DO I DO IF MY DEVICE IS BLINKING OR NOT HITTING?

If your BLVK Bar Disposable blinks when you puff it, it means the battery is dead. Connect a USB-C charging cable (sold separately) to charge the device until 'FP' is achieved.

• WHAT DO I DO IF THE E-LIQUID TASTES BURNT?

If your BLVK Bar Disposable tastes burnt, you are running out of e-liquid in the tank. As you hit the device with less e-liquid, the coil burns out.

If the LED screen shows an ample amount of e-liquid and you are experiencing a burnt taste, you may be vaping too rapidly and drying the coil out. You can avoid the burnt flavor by waiting several seconds after each puff to give the coil time to replenish itself.

• WHAT DO I DO IF MY BLVK BAR DISPOSABLE ISN'T CHARGING?

If your BLVK Bar Disposable doesn't charge when you connect it to the USB-C charging cable, there are 3 options you can try to troubleshoot it:

- Use a different USB-C cable. It is possible the cable is damaged.
- Clean the device's charging port. If the device is held in a pocket or purse when not in use, there may be particles lodged in the charging port.
- Try charging the device with a different power source.

WARNING

This product can expose you to chemicals including acetaldehyde, which is known to the State of California to cause cancer, and nicotine, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Keep out of reach of children and pets. Do not use if nursing or pregnant. Do not drink. This product is intended for purchase and use by persons of legal smoking age; smoking age varies from state to state. Avoid skin and eye contact.

USE WITH CAUTION. If skin contact occurs, rinse well with soap and water. If eye contact occurs, flush eyes with water. Call a poison control center if you require additional assistance.

DO NOT ATTEMPT TO TAKE APART THE DEVICE.
