Global GreenTag^{Cert™} Ecolabel Program

Products Currently Under Assessment

To whom it may concern:

This letter is to officially inform you that **Project Floors NZ Ltd** have submitted their ProTile Econyl for Global GreenTag^{Cert™} GreenRate Certification.

Global GreenTag^{Cert™} Certification involves detailed assessment of a product's impacts on human health and the environment. Assessments may take from four weeks up to a year, depending on the complexity of the products, and the availability of full and compliant information from manufacturers and their supply chain, which may be a lengthy process.

Project Floors NZ Ltd have submitted all the requirements for certification and the products have successfully passed its toxicity assessment. It is now under finalisation.

A product that successfully passes all assessment requirements will achieve a Certificate identifying the manufacturing facilities Certified, the level of Certification, and the expiry date of the Certification.

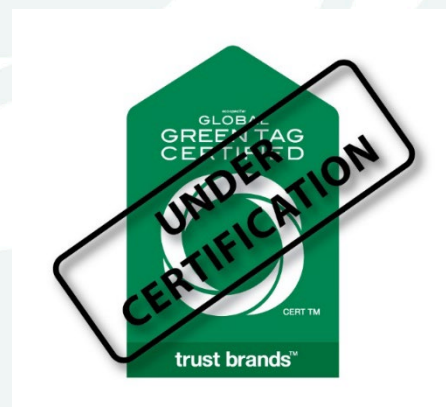

Global GreenTag^{Cert™} GreenRate Certification is recognised by the Green Building Council of Australia (GBCA) as a Green Star[®] Third Party Product Certification Scheme.

This letter is valid until 16th January 2024.

Signed
