- Heart fillings [optional]:
A love note, sweet treats,
or other fun surprises

INSTRUCTIONS

1. Prep Tools

Place Large Geo Heart Mold on a baking sheet or cutting board.

7. Remove Breakable Heart

Peel back the silicone mold slowly starting from the outside, working towards the center until completely released.

2. Prepare Fancy Decorating Melts + Assemble

Heat the Decorating Melts in the microwave according to the bag instructions until smooth.

8. Apply Letter Decorations [Optional]

Lay the mold flat [geometric side up] and using warm Decorating Melts, apply the letters to the mold.

3. Create Heart Shell

Squeeze half of the Decorating Melts bag into the mold. Spread evenly, coating right up to the edge.

9. Decorate It Fancy

Dust with Edible Glitter, then drizzle Decorating Melts and decorate with Fancy Sprinkles.

4. Set Heart Base

Place mold in the fridge or freezer until hard.

10. Finishing Touches

Cover the surprise treats with the decorated mold.

5. Repeat

Repeat Steps 2 & 3 to add another layer to the shell.

11. Break! [Optional]

Smash the heart with the wooden mallet to reveal a completely edible surprise.

6. Prep Letter Decorations [Optional]

Fill the alphabet mold letters with Decorating Melts to create desired text decorations. Allow time for letters to harden before removing.
