Sweet Secrets Chocolate Moves To Manufacturing Facility in Carol Stream, IL

Making the World a Sweeter Place

CAROL STREAM, IL - April 1, 2015 – Sweet Secrets Chocolate has recently moved into a large and sparkly manufacturing facility to serve the needs of a growing customer base. Nationally recognized for their Sweet Secrets Chocolate Pretzel Pizza as an “Innovative New Product” has launched this local company onto the national stage. “Its definitely a sweet situation to be in”, says Dede Barnicle, partner at Sweet Secrets LLC. “In the past year we’ve seen our business triple in size, so finding a facility that could handle a continued increase in volume was imperative.”

Carol Stream is located just 30 minutes west of Chicago and 15 minutes west of the O’Hare International transportation hub. “Being proximate to shipping services is the best way to service our customers”, adds Dede. This makes it easy to source ingredients, packaging and the people that make Sweet Secrets products. The new facility features lots of space for the artists that make Sweet Secrets chocolate specialties. “All of the specialty chocolate products such as the chocolate pretzel pizzas and chocolate bark, are still made by hand, so lots of counter space and several large chocolate melting machines highlight our work space. We’re working to make the world a sweeter place.”
