We are a mobile seafood market serving Michigan for over 38 years.

We also sell online ([oceansideseafood.com](https://www.oceansideseafood.com))

Our local, at-the-truck, customers enjoy a lower price on some products than our online customers.

Here is a list of the items that appear higher online but are sold to you at a lower cost.

It does not include sale items. Refer to the emails and text messages for those prices.
