FREESTANDING GAS FIREPLACES

No hearth, no mantel—just warmth and a welcoming presence with the Majestic freestanding gas fireplaces. Installed in less than a day, they sit on the floor with a clean look that fits your décor. Enjoy a large view of the fire with efficient heat and a pedestal base that includes an area you can style to suit your taste.

RUBY

Mid-Range

Our top-end Trilliant is fully loaded with everything you want in a freestanding fireplace, including a fan and heat exchanger to warm your space more quickly, Canyon Brown interior panels, and gorgeous accent lights for a relaxing ambiance.

The Ruby offers you an a la carte approach to designing your dream freestanding gas fireplace, where you pay only for the features you want. Pick optional interior panels, accent lights and more to create your sanctuary room.

Technologies

IntelliFire Touch® Ignition System IntelliFire Touch is our most advanced intermittent-pilot ignition (IP) system, making operating your appliance simple, smart and safe. Select from the IntelliFire app, touchscreen remote or wireless wall switch for the solution that fits your life.

Direct Vent Technology Direct Vent gas inserts remove 100% of combustion exhaust and fumes to the outside of the home. These sealed fireplaces provide optimal heat, conserve energy and ensure clean, safe indoor air quality.

Your Majestic Dealer:

Limited Lifetime Warranty¹

The strongest in the industry, Majestic provides a limited lifetime warranty on the most important aspects of our gas-burning products: firebox and heat exchanger.

¹ For full warranty details go to majesticproducts.com. The information provided in this literature is for planning purposes only and subject to change. Please consult the installation manual for actual installation. Actual product appearance may differ from product images. Fireplace, stove and insert surfaces get extremely HOT and can cause severe burns if touched. Keep a safe distance away.
