

## ADDITIONAL MOUNTING OPTIONS AND ACCESSORIES

- **Multimount:** use to vary the angle or tilt of speakers into the room off the front, side, rear walls or ceiling
- **Multiplate:** use as above when pre-wired to “single gang outlet” boxes

- **Stud Zero:** Use any time you want to point a speaker straight forward off any wall or straight down from the ceiling

**TOSS floor stands:** Single, square cross section, steel tubing designed to look great with a single MOD1 ORB.

**HOSS floor stands:** Twin stainless tubes and solid, steel base designed to look great with our MOD2 speakers.

### WANT MORE SOUND?

All ORB speakers are fully MODular and you can upgrade at any time—call us to purchase additional ORBs at a special “system price”

**FREE LIFETIME CUSTOMER SERVICE \* WE ARE HERE TO HELP**

(877) ORB - AUDIO support@orbaudio.com (877) 672 - 2834

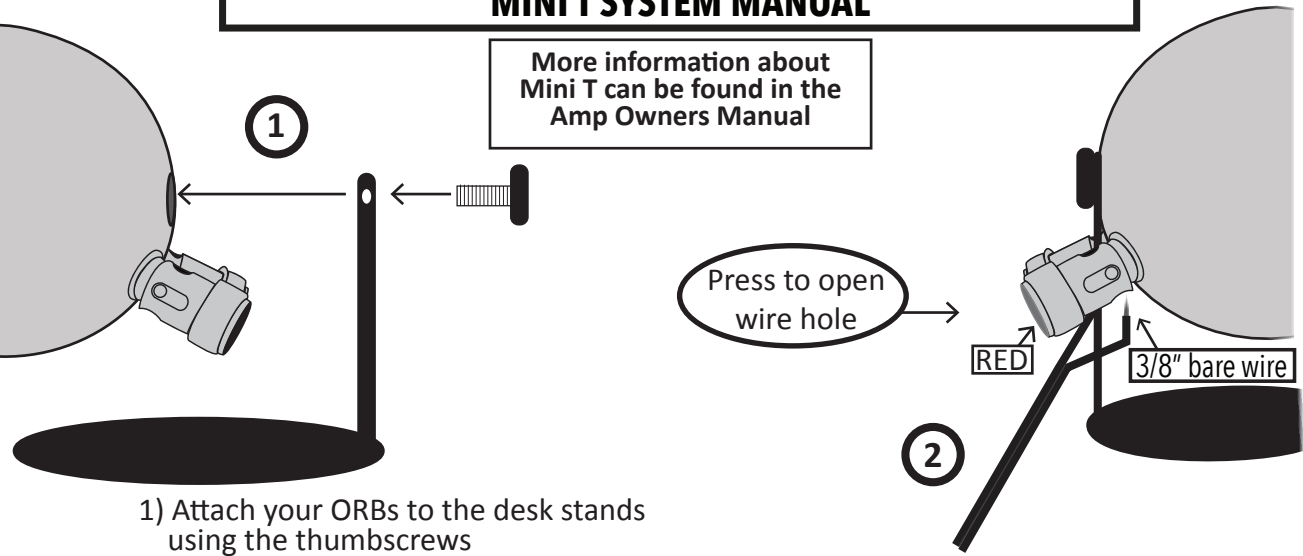

Welcome to the ORB family and thank you for being smart and buying Mini T instead of a soundbar. We offer free lifetime customer service on all ORB products regardless of where you bought them. Please call us FIRST if you have ANY difficulty at all in the setup process. It's all plug and play so setup is simple.

Fill your room with sound not boxes ;)

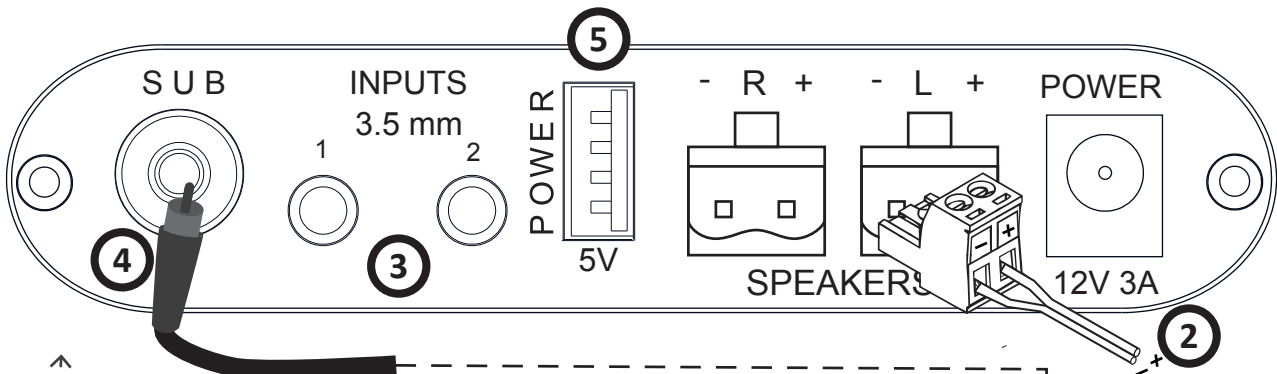

**IN JUST A FEW MINUTES YOU'LL BE ENJOYING SOME OF THE BEST SOUND YOU'VE EVER HEARD!**

## MINI T SYSTEM MANUAL

More information about Mini T can be found in the Amp Owners Manual

- 1) Attach your ORBs to the desk stands using the thumbscrews
- 2) Connect ORBs to Mini T using Quick-Connect Cables

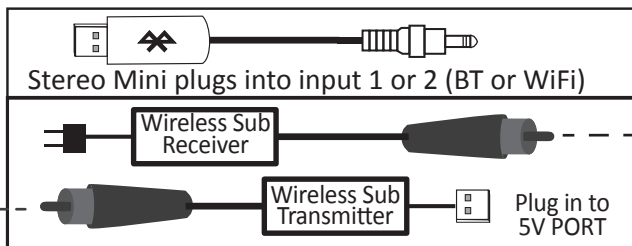

3) Connect Sources (See Wiring Diagram)

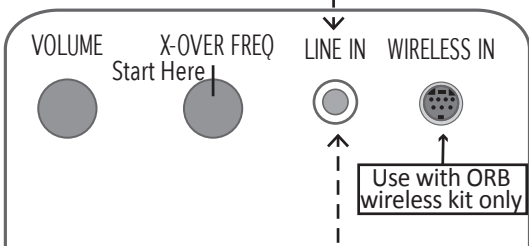

4) Connect Subwoofer with supplied cable

5) **\*OPTIONAL\***

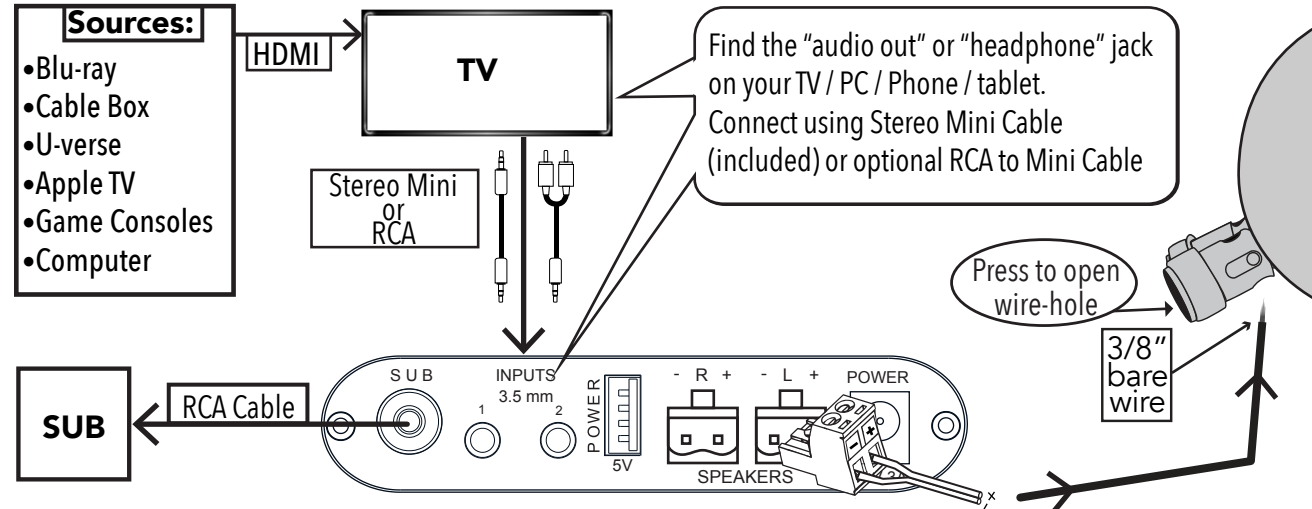

Mini T has a 5V USB Power Port. This allows you to add 3rd Party Bluetooth, Wireless Sub, or WiFi Adapters:

6) Connect power cord to **Mini T first**, then plug in to wall.

## WIRING DIAGRAM

## SPEAKER ROOM PLACEMENT

Mini T allows you to place your ORBs where they look and sound the best. In general, try to spread them out as wide as possible, up to around the same distance as you sit from your TV.
