

Meridian SatinAir

ADJUSTABLE ALTERNATING PRESSURE PUMP AND PAD SYSTEM

The **Meridian SatinAir Adjustable Alternating Pressure Pump and Pad System** is designed to be placed over an existing mattress and is both easy to use and maintain. The compact, quiet pump alternately inflates and deflates air cells in the pressure pad and comes standard with a variable pressure setting for maximum patient comfort and compliance. The pump features an output of five liters per minute with a five minute cycle time, and can be mounted on the bed with built-in brackets.

GROUP 1

FEATURES:

- 5 liter-per-minute pump alternately inflates and deflates air cells over a 5 minute cycle time
- Variable pressure setting for added patient comfort
- Pump can be mounted on the bed with built-in bracket
