NEW PRODUCT BULLETIN

### Rich Sound Quality

**A perfect match for large-screen TVs. A home theatre speaker system that provides full enjoyment of even HD sound sources.**

The NS-51 Series speakers enable you to enjoy a wide range of HD material including films and music with a full sense of the scale of the sound. The NS-F51 floor-standing speaker produces a wide range of rich sound, and together with the NS-P51 speaker package, which delivers clear dialogue and vocal sound, you can create a full-scale theatre optimal for large-screen TVs.

**High performance floor-standing speaker delivers optimum sound with superior expressiveness for movies and music.**

The NS-F51 features a two-way, three-speaker configuration consisting of two 16cm (6-1/2") cone woofers and one 3cm (1") soft dome tweeter. It takes advantage of a 97cm (38-3/8")-tall, large-capacity cabinet to produce thrilling bass tones, and with a bracing system to suppress cabinet resonance it also produces crystal-clear treble tones. The wooden circuit board in the network circuit demonstrates the commitment to sound quality. Not only for movies, but also for various other sources like CDs, MP3 and streaming music, you'll enjoy music with superior expressiveness.

**Low-diffraction rounded form for clear sound free of murkiness.**

All NS-51 Series speaker cabinets are rounded to reduce the diffraction effects that cause murky sound. Experience crystal-clear natural sound that you won't tire of no matter how long you listen.

### Elegant, Versatile Design

**A front grille and rounded form with luxurious, upscale design**

Enjoy a sense of luxury with a front grille featuring slanted corners and a design that brings to mind Yamaha's flagship speakers. And with the speaker cabinet also sporting a rounded shape, the unity of design will fit beautifully into your home theatre space.

### Wall Mountable (NS-C51, NS-B51)

The centre and surround speakers have keyholes on the back so they can be quickly and securely wall mounted, providing installation flexibility to suit your room and preferences.
