

Experience the ultimate sound stage with formidable bass.
Enjoy the expertise with sublime MusicCast multi-room technology.

Welcome to the family.

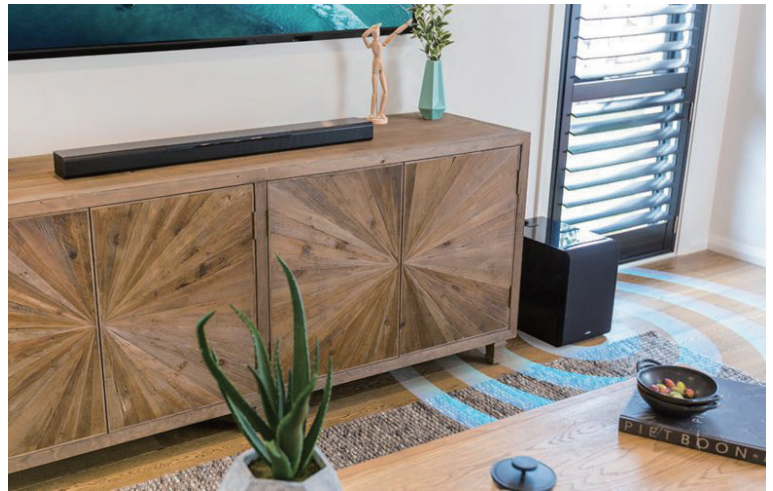

Yamaha offer the ultimate choice in sound to suit your lifestyle. Whether you prefer Home Theatre or sleek stereo sound, peruse the MusicCast* catalogue for your perfect speaker partner.

- Ability to be used as wireless subwoofer with select MusicCast models
- Twisted Flare Port technology
- Auto crossover and frequency adjustment via paired master device
- Modern piano finish

Time for turbulence.

When you want to feel every moment with your sound... as your favourite musician's drum kit thumps into your living room floor to that addictive action movie explosion vibrating through your bones... Yamaha delivers real sound as it was meant to be heard.

**Born to be free.**

With Wi-Fi connectivity your subwoofer can be placed anywhere in your room. A simple power point and you are ready to take your sound to another level where it feels right and looks its best!
