

48Gbps 8K AOC HDMI Cable

Description

Our active Precision48 HDMI cables utilise integrated circuits that measure, analyse and adjust the video signal to ensure 48Gbps pass through for support of all the latest HDMI 2.1 resolutions including 8K video up to 60Hz, 4K video up to 120Hz and 8/10/12 bit colour (up to 16 bit colour at 1080p).

Key Features

- 48Gbps Bandwidth
- Supports 8K video up to 60Hz and 4K UHD video up to 120Hz
- Supports full HDR 10-bit, 12-bit and 16-bit colour depths
- Supports eARC for enhanced high definition audio return
- Optimised for the toughest installation environments
- Active Optic Copper cable provides enhanced EMI and RFI resistance
- LSZH (Low Smoke Zero Halogen) rated cabling
- Available in lengths of 10m, 15m and 30m
- Gold plated locking tabs for secure connection
- Active integrated circuits analyse the video signal to ensure signal integrity at long cable distances
- Supports CEC
