

YAMAHA®

MCR-N670

Enjoy a wide range of sources and functions, from CD, USB, optical, RCA and FM radio to the latest versions of Wi-Fi, MusicCast, AirPlay® and Bluetooth®. Support for MusicCast means you can always enjoy your favourite music throughout your home, then by adding other compatible components, you can expand your musical enjoyment even further.

- MusicCast for audio enjoyment in every room
- Stream your favourite CD's around the house thanks to the MusicCast eco-system
- FM tuner + support for various music streaming services
- A HiFi inspired approach utilising a separate integrated amplifier and CD player / tuner capable of a high level of standalone performance.
- High performance speakers sporting an attractive Piano Gloss finish
- Supports 192 kHz/24-bit High Resolution Music (FLAC / WAV / AIFF)
- Wireless music streaming from Bluetooth devices including smart phones and laptops
- Bluetooth output for wireless streaming to other Bluetooth speakers
- Airplay, DLNA, TuneIn internet radio, Deezer, Tidal and Spotify Connect compatibility
- USB terminal for playback of USB stick + Rear mounted RCA and Optical input
- Headphone jack / Front mounted bass, treble and balance controls
- Subwoofer pre-out
