

STRONG

WHO WE ARE

STRONG is the same management team that founded Cypress Medical (now McKesson's Direct Sourcing division) & S2S Global (now Premier Healthcare's Direct Sourcing division).

We have an overseas office with full-time staff for quality assurance and efficient product development.

Our factory relationships reach back 40 years, allowing us the opportunity to continue to grow and expand our portfolio.

Our previous companies provided private label products for companies like McKesson, Owens & Minor, Cardinal, US Foods, and more.

WHAT WE DO

www.strongmanufacturers.com

MANUFACTURING

Our state of the art facility is strategically located in Charlotte, NC and we are proud to offer multiple varieties of USA made facemasks.

SUPPLY CHAIN SOLUTIONS

40 years of factory relationships and our overseas office gives us access to a vast portfolio of products, plus control over the manufacturing and shipping processes to ensure maximum efficiency.

LOGISTICS

With over 250,000 square feet of warehousing, we currently do 3PL operations for multiple companies based out of Charlotte, NC.
