EAST BEACH

@PepperSwimwearLA

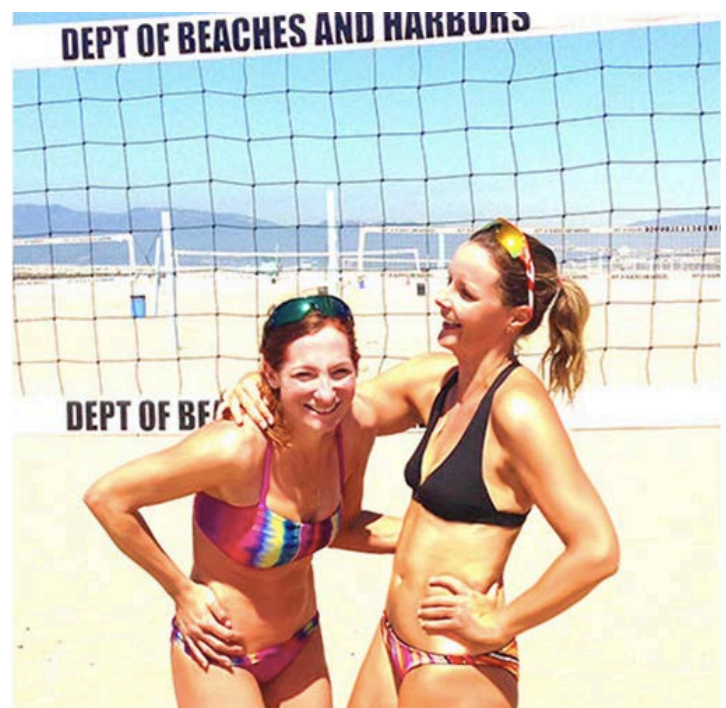

/PepperSwimwearLA

Pepper Swimwear was founded in 2013 and is the new brand of swimwear for beach athletics originating on the beach in Santa Monica, California. "Pepper" is the term for the volleyball warm-up, but to us it's also about adding a little spice to our day in the sun!

- Athletic performance with fashion styling
- Exceptional quality, durability and comfort
- Seamless and reversible; adjustable tops with optional padding
- Designed by beach volleyball players and worn by professional athletes worldwide
- Made in Los Angeles

Pepper Swimwear is the dream/mad obsession of Bridget Dome and Sibylle Postley. Both are avid amateur beach volleyball players, aspiring entrepreneurs, friends and mothers of young children who bonded over their mutual frustration at the lack of stylish and functional bikinis for their favorite pastime – beach volleyball. So they decided to do something about it and Pepper Swimwear was conceived!
