

# NEW SUMMMER SCHEDULE

This season we are introducing a series of 3 day intensives. These intensives will allow for students to have a fun filled summer vacation and still get high quality training in a creative, fun, and fast paced environment!

We added a theatre intensive for actors and honed in on training for all of our dancers. We have ballet, creative process, commercial fusion, photoshoots, video-shoots, and so much more. We have limited ALL camps with class sizes of 15 participants to make sure each student will get the chance to be mentored closely by Project C Faculty. Every intensive has merchandise included, AND most intensives culminate in a performance held at the PCS Blackbox!

Register for more than one intensive and you'll receive 15% off each intensive following the first!

ALL of these intensives are totally OPEN to the community. We cant wait to kick off the summer like never before!

## DANCE ALL SUMMER!

Many people don't consider it, but summer is the season for Privates Lessons!
