Hello!

Your WATCHU has been pre-installed with a CPR Chameleon SIM Card. This smart SIM technology provides the highest level of mobile coverage, by accessing all Global mobile networks, to find the strongest signal, giving you the best possible mobile coverage when you need it most. Chameleon SIM charges are the same throughout the EU, rates outside EU may differ.

All you need to do is:

Step 1. Register your SIM online
To register your SIM visit: **www.watchu.com/register**

Step 2. Top Up your SIM
To top up visit: **www.watchu.com/topup**

**Your SIM comes pre-loaded with £3 free credit.
To avoid loss of service we advise to top-up around £10 of credit per month.**
Once you have registered your SIM you'll receive an SMS message/Email letting you know when your credit is low.

SOS

Hold down the "SOS Button" for 3 seconds, the watch will automatically update the GPS location and continually dial the main administrators number until answered.
Press the "**Voice Message Button**" to hang up the phone call.

Make a phone call

1) Press and release the "**Phone Call Button**" twice to open Phone book.
2) Press and release "**Phone Call Button**" to view contacts in Phone book. Press and hold "**Phone Call Button**" to call chosen contact.
3) Press the "**Voice Message Button**" to exit the phonebook page / hang up the phone call.

Answer a phone call

Press "**Phone Call Button**" to answer the call.
Press the "**Voice Message Button**" to hang up the phone call.

Voice message

1) To send a voice message, press the "**Voice Message Button**" twice to enter the contact list and press the button again to choose the phone number. Hold the "**Voice Message Button**" to record your voice message and release to send the message.
2) To listen to a message, hold down "**Voice Message Button**".

Q: How do I turn ON the watch?
A: Hold down the "**SOS button**". If it fails, please charge the WATCHU using your **computer or laptop** and try again later.

Q: How do I turn OFF the watch?
As a safety feature, Guardian has been designed to remain active. Should you need to reset the watch insert a pin into hole next to USB Charge Port.

Q: Why can't everyone call the WATCHU?
A: To protect the privacy and safety of its owner, only the administrator and phone book contacts can make a phone call to the Watch.

Q: How do I change the main administrator?
A: Log into the App with the administrator's account, enter the Family Member page. Hold the new administrator number and tap "Transfer Administrative Rights" to complete the Transfer.

Q: How do I delete a contact?
A: Log into the App with the administrator's account, enter the Family Member page. Hold down the family member you need to remove and tap "Delete".

Q: Which operating systems does the App work with?
A: IOS 7.0+ ; Android 4.0+

1) GPS and other telephone functions require SIM credit.

2) To protect and optimise your battery performance, we recommend you charge the watch from your computer or laptop for a minimum of 12 Hours for the first charging cycle and a minimum of 8 Hours for the second and third charging cycle.

3) Please do not wash or submerge the watch in water.

4) Do not allow children to chew or ingest parts of the watch.

5) Avoid using the watch in excessive temperatures.

WATCHU - ACCIDENTAL DAMAGE COVER

Accidental Cover is a one off payment of £29.99 which covers your WATCHU for 12 months.
Please visit http://www.watchu.com/cover

DON'T FORGET! We've already inserted the CPR Chameleon SIM for you! WE DO NOT RECOMMEND using another SIM as it will not provide the same Network or GPS coverage as the Chameleon. However if you choose to use another Network SIM please follow the instruction below.

If inserting another SIM please make sure it's 2G compatible.

1) Power OFF the watch and open the rubber latch.
Hold down the "Voice Message Button" and the "Power/SOS Button" at the same time to turn off the watch; or, the administrator, can turn off the watch Via the Watch Settings in the App.

2) Push in the existing SIM card and release.

3) Following the illustration below, carefully insert the new SIM into the port and push in until you feel it click into place.

This product requires Credit / Data & Minutes Phone Plan.
WATCHU supports only Micro SIM cards
WATCHU DOES NOT support Ordinary or Nano SIM Cards

Supports Micro SIM cards
Does not support Ordinary size SIM cards
