

All retailers selling online agree to maintain each product's recommended retail value, which is listed below.

No sales or discounting products online

You are welcome to run sales on products in-person at your spa only. We do not allow online discounts on products as that action can devalue them for other retailers, and we do our best to keep things fair for everyone! A one-time warning will be issued to a retailer if products are discovered to be discounted online. After the first warning, access to shopping wholesale will be revoked (indefinitely) if discounted products are discovered again

Product cost + MAP (Minimum Advertised Value):
