Features: EGF Cellular Activator utilizes four potent peptides and a proprietary blend of organic proteins that work to activate rapid cell turnover. Bio-mimicking Epidermal Growth Factors stimulates collagen production, and promotes the cell renewal process after a variety of esthetic services including microdermabrasion, dermaplaning nano-infusion and micro-needling. A noticeable improvement in elasticity and firmness gives a rejuvenated appearance.

Directions: In the treatment room, apply to cleansed skin before and/or after Collagen Induction Therapy (CIT) and Nano-Infusion treatments. May also be applied post Peels, Microdermabrasion, Dermaplaning or Laser Resurfacing to speed healing and amplify results. For at home daily use, apply AM and PM, after cleansing and toning for healthy skin. Avoid direct eye contact. **Use alone or cocktail with Herbal Skin Solutions Vitamin C+ Enhancement Serum.** Follow with Herbal Skin Solutions Daily Tinted Moisturizer w/ SPF 30.

Ingredients: Oligopeptide-1, Hexapeptide-10, Palmitoyl Pentapeptide-3, Folic Acid Myristoyl Octapeptide-1, Portulaca Oleracea Extract, Aqua, Panthenol, Aloe Barbendensis Extract, Betaine, Natto Gum, Phenoxyethanol, Glycine, Soja Protein, Dextran, Butylene Glycol, Carbomer, Niacin

Contraindications: Any allergies to above ingredients. Due to the stimulation of cell multiplication, EGF's are not recommended for those suffering from chronic skin conditions. If there are any signs of irritation, discontinue use and contact your medical provider. Discontinue use if irritation occurs.
