

Miura M010 SK Sled

For the Miura M010 mobile payment device and the OtterBox uniVERSE Case System

Presenting the Miura M010 SK Sled.

Engineered to hold the popular Miura Systems M010 mPOS device securely and simply, the sled provides modular use benefits unmatched within the industry.

This sled was designed for pairing with the OtterBox uniVERSE Case System for tablets and phones, with ease of use and versatility in mind.

Ideal for use in Retail, Hospitality, Restaurants, Healthcare, Manufacturing, and many other industries.

Features:

- Linkyt™ Sidekyck feature permits flexibility in attachment to provide added modular benefits.
- Increases mPOS usability and versatility by allowing other accessories to be paired on the uniVERSE case simultaneously.
- Simple, open-face design provides access to all features of the M010 mPOS device without removing it from sled.
- Sled is made from a sturdy and damage-resistant material that remains slightly flexible.
- Lightweight and adds very little bulk to the POS system.
- Use in conjunction with the Handholder on tablet-based systems to provide comfortable hand holding.
- Built-in device retention utilizing linking features engineered into the M010.
- Will attach to all current and planned Otterbox uniVERSE cases for tablets and phones.
