

Behold the simplicity of a mobile transaction.

mozee™
Mobile POS made easy

Mobile POS made easy.

Sled provides full access to card swipe of the M010 located at the top of the device

Simple, open-face design retains easy access to all M010 controls, ports, and features

Highly durable and damage-resistant material holds the M010 securely while in use

Chip and pin access is not obstructed and functions while still inside the sled

Mobile tablet holder for the Miura M010 mPOS Device

Overview:

- Mobile: take the Miura M010 anywhere and use it your way.
- Universal: use with a paired tablet or other device like a stand or cell phone.
- Easy to use: simple, open-face design provides access to all features of the M010 without removing the device from the sled.
- Durable: sled is made from a sturdy and damage-resistant material, but is still slightly flexible.
- Lightweight: sled weighs 1.0 ounce. Total weight with the M010 is less than 6 ounces.
- Protective: use as a standalone holder on an uncased tablet or in coordination with hard-shell cases.
- Future Proof: form factor supports any tablet size, allowing it to be moved to future generations of tablets.
- Accessorize: add the Handholder to your tablet, or consider a shoulder holster for added ease of carrying.

Handholder Products, an innovative designer of USA-made tablet gear, has developed a mobile payment holding solution exclusively for the Miura Systems M010 device. Presenting the Mozee™ M010 sled. It's mobile. It's easy. And it's universal—use it with any paired tablet. Stylish, simple, easy to use, and functional, this unit provides all the benefits of the original Mozee with a streamlined footprint and easy access to the mPOS device controls.

From retail, to hospitality, to banking and beyond, enjoy the freedom to take the iCMP device anywhere.

Remove the sled with ease if needed.

The sled connects to your tablet or case using our dual lock rings. Secure hold, but still removable to transfer to a new tablet or case if necessary.
