

Behold the simplicity of a mobile transaction.

mozee™
Mobile POS made easy

Mobile POS made easy.

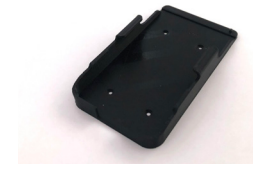

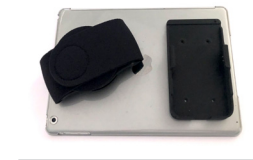

Sled doesn't impede card swipe feature of the mPOS located at the top of the device

Simple, open-face design retains easy access to all e285 controls, ports, and features

Durable and attractive material protects and holds the e285 securely in place while in use

Chip and pin access is not obstructed and functions while still inside the sled

Mobile tablet holder for Verifone's e285 mPOS Device

Overview:

- Mobile: take the Verifone e285 device virtually anywhere.
- Universal: use with virtually any paired tablet or smart phone.
- Easy: unfettered access to the e285 Device's charging port and reader (Magstripe, Contactless).
- One-handed Comfort: ergonomic grip featuring the secure Handholder™.
- Durable: sled is made from sturdy plastic that is still slightly flexible.
- Lightweight: sled weighs 1.0 ounce; sled with e285 device weighs under 7 ounces.
- Protective: use as a standalone holder on an uncased tablet or smart phone or in coordination with hard-shell cases.
- Future Proof: form factor supports any tablet size, allowing it to work with future generations of tablets.
- Accessorize: use with the Handholder hand strap, the Handholder Stylus Holder, or a tablet shoulder holster for even greater mobility and use flexibility.

Handholder Products, an innovative designer of USA-made tablet gear, has developed a mobile payment holding solution exclusively for the Verifone e285. Presenting the Mozee™ e285 sled. It's mobile. It's easy. And it's universal—use it with virtually any paired tablet or smart phone. Stylish, simple, easy to use, and functional, this unit provides all the benefits of the original Mozee with a streamlined footprint and easy access to the device controls.

From retail, to hospitality, to banking and beyond, enjoy the freedom to take the e285 device anywhere.

Remove the sled with ease if needed.

The sled connects to your tablet, phone, or case using our dual lock rings. Secure hold, but still removable to transfer to a new tablet or case if necessary.
