

Behold the simplicity of a mobile transaction.

  
mozee™  
Mobile POS made easy

# Mobile POS made easy.

Sled doesn't impede card swipe feature of the e355 located at the top of the device

Simple, open-face design retains easy access to all e355 controls, ports, and features

Durable and highly damage-resistant material holds the e355 securely while in use

Chip and pin access is not obstructed and functions while still inside the sled

## Mobile device sled for Verifone's e355 mPOS Device

### Overview:

- Mobile: take the Verifone e355 device virtually anywhere.
- Universal: use with virtually any paired tablet or smart phone.
- Easy: unfettered access to the e355 Device's charging port and reader (Magstripe, Contactless).
- One-handed Comfort: ergonomic grip featuring the secure Handholder™.
- Durable: sled is made from sturdy plastic that is still slightly flexible.
- Lightweight: sled weighs 1.0 ounce; sled with e285 device weighs under 7 ounces.
- Protective: use as a standalone holder on an uncased tablet or smart phone or in coordination with hard-shell cases.
- Future Proof: form factor supports any tablet size, allowing it to work with future generations of tablets.
- Accessorize: use with the Handholder hand strap, the Handholder Stylus Holder, or a tablet shoulder holster for even greater mobility and use flexibility.

Handholder Products, an innovative designer of USA-made tablet gear, has developed a mobile payment holding solution exclusively for the Verifone e355. Presenting the Mozee™ e355 sled. It's mobile. It's easy. And it's universal—use it with virtually any paired tablet or smart phone. Stylish, simple, easy to use, and functional, this unit provides all the benefits of the original Mozee with a streamlined footprint and easy access to the device controls.

From retail, to hospitality, to banking and beyond, enjoy the freedom to take the e355 device anywhere.

### Remove the sled with ease if needed.

The sled connects to your tablet, phone, or case using our dual lock rings. Secure hold, but still removable to transfer to a new tablet or case if necessary.
