Mobile POS made easy.

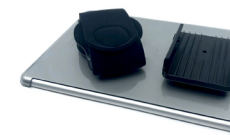

Mobile POS made easy.

Mobile tablet holder for Ingenico's iCMP POS Device

Overview:

- Mobile: take the Ingenico iCMP device anywhere.
- Universal: use with any paired tablet.
- Easy: quick access to the iCMP Device's charging port and reader (Magstripe, Contactless).
- One-handed Comfort: ergonomic grip features the Handholder™.
- Versatile: sled is available in static-mount or rotating configuration.
- Lightweight: when added to the tablet. (Including the iCMP device)
- Protective: use as a standalone holder on an uncased tablet or in coordination with hard-shell cases.
- Future Proof: form factor supports any tablet size, allowing it to work with future generations of tablets.
- Accessorize: optional clip secures a pen or stylus to an uncased tablet. Or use the Handholder Stylus Holder attachment for out-of-sight storage. Custom holsters are also available.

Handholder Products, an innovative designer of USA-made tablet gear, has developed a mobile payment holding solution exclusively for the Ingenico iCMP. Presenting the Mozee™ iCMP sled. It's mobile. It's easy. And it's universal—use it with any paired tablet. Stylish, simple, easy to use, and functional, this unit provides all the benefits of the original Mozee with a streamlined footprint and easier access to the device controls.

From retail, to hospitality, to banking and beyond, enjoy the freedom to take the iCMP device anywhere.

Added iCMP device retention security.

Place the iCMP in the sled, then insert the retention clip through the side of the sled and into the payment device to lock the two securely together.
