REG 3

Functions and features:

Functionality

REG 3 offers two temperature settings of 50°C and 65°C. It features a bimetallic thermal cutout. The device displays currently set temperature level.

Intelligent Building Systems

In the event of a power failure the REG 3 remembers it's previous settings therefore making it suitable for connection to external timers and intelligent building systems.

Safety

REG3 is equipped with double protection against overheating of the radiator.

Design

REG 3 has small controller housing in a universal shape reminiscent of a drop of water. Control is via a rotating ring shaped switch that turns the heating element on and off and allows the selection of temperature settings.

Colour

Available colours: white, silver, chrome and black. Heating element can also be offered in any RAL colour and Terma special colours (including brass and gold) subject to a minimum order of 100pcs per colour.

Specifications:

Power supply:	230 V AC
Device protection class:	Class I
Radiator connection:	G 1/2"
Ingress protection [IP]:	IPx5

Table configurations:
