your life**

What our customers are saying

Alkaline Water Jug

The water tastes so much better than tap water or filtered water So glad I made this purchase it is so much better for your body. **Gail**

Heppi Alkaline Water Jug

Early days yet but so far so good. Measured filtered water with a PH meter and it was showing a PH level of 9.5. At this stage I am more than happy with my purchase. **Grahame**

Works Well

Very economical way of getting alkaline water. I have PH strips and checked the alkalinity of the water from the Heppi jug and it definitely turned it alkaline. Very happy with purchase. **Jennifer**

Amazing Product

I love these filters, as they make my water alkaline and they are easy to use. **Grace**

Heppi Water Filters

Quick delivery, all intact, so glad we are able to improve our health just by using these filters! **Elizabeth**

Why Stock Us

- Unique** People LOVE pure and clean Alkaline Water. But buying bottled Alkaline Water is very expensive and it is not an achievable solution for many households. Heppi Alkaline Water Jug is unique in the market, have a clear advantage over “just filtering” jug, and is an affordable Alkaline Water solutions for all families.
- Proven** Customers who have tried Heppi Jug are in love with the product. It is proven buy the many five star reviews we have generated from our online customers. Heppi Jug made a positive difference in their drinking water quality, and hence the well being of our customers and their families. They often wonder where they can purchase our products in store, so why not sign up for something that customer’s are actively looking for.
- Repeat Business** Once you range Heppi Jug and Filters, customer will be coming back for the filters that need to be replaced every 3 months. All your effort is not just for once off sale, but a continuing quantum of sales in the future. The more often customer visit your store, the more sales you can get, not just for our product but also for other products you are selling at your store.
- Support** We know how important support is for our retailers. We will provide full training on the products, and welcome enquiries anytime. We will also support retailers with marketing tools and include your store name into our Stockist section on our website. We will also actively market our brand in social media Instagram and Facebook.
- Reliable** We will ensure products are always on your shelf, making money for you. We have a strong production, warehousing and logistic system in place, and will meet your delivery requirement.
