IN — TERIA

The O-Series is a handmade range of timber door hardware.

Designed by IN-TERIA, and made in Tasmania, our products highlight the natural beauty of timber, and emphasise a sustainable approach to using this most precious resource.

Crafted by some of Tasmania's best artisans, the O-Series is unique and beautiful.

About

Where

The IN-TERIA O-Series is designed for use on joinery and solid-core doors. Many profiles can also be adapted for use as wall hooks.

Installation

Our products are primarily designed for interior applications. Refer to individual product sheets for installation and configuration options.

A Natural Product

The O-Series is handmade by Tasmanian artisans, from hand-selected timbers. Variations in colour and pattern are to be expected and add to the beauty of this crafted product. No two pieces are alike.

Is It Green

When you order an IN-TERIA product, you can rest assured you are purchasing an environmentally responsible product.

Placing An Order

When placing an order please specify the chosen profile, quantity, handle size, timber species, selected finish and proposed location.

Fixings

All items are supplied with fixings to allow a simple installation process.

Finish

Items are available RAW or with an applied, interior-grade clear finish.

Timber

We can source Tasmanian, mainland Australian and international timber species.

Made To Order

Anticipate a lead-time of approximately 4 to 6 weeks for these Made-to-Order products.

Raw | Matte | Satin

Installation

- ✓ Surface-Mount
- ✓ Hinged Doors
- ✓ Sliding Doors
- ✓ Drawers
- ✓ Single-Sided
- ✗ Back-to-Back

Configuration

Available as continuous single length

Timber

We source our timber locally, within Tasmania, from mainland Australia and internationally.

We have no standard range of timber, but seek those which have been harvested in an environmentally, and socially, responsible manner.

The timber for each order is hand-selected and each batch is carefully chosen for colour, tonal and feature consistency.

The timber species pictured are indicative only. At times, some species may not be attainable.

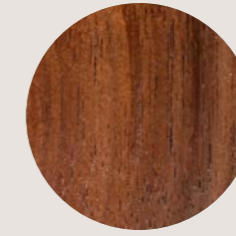

Timber is a natural material and varies greatly. Each piece comes with it's own quirks, and story, and we take time to express and celebrate these characteristics.

We have carefully chosen the range of clear finishes that we use. Satin is our standard clear finish gloss level, however, we are also able to offer a beautiful Matte finish.

Tasmanian Oak

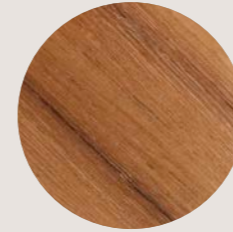

Tasmanian Blackwood

Celery Top Pine

Blackbutt

Tallowood

Spotted Gum

American Rock Maple

Myrtle

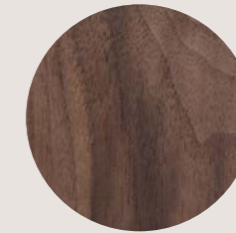

Wormy Chestnut

European Oak

American Walnut

American White Oak

Leather

Our leather items are beautifully handcrafted by Made Measure.

Available in plain leather and stitch detail.

Visit www.mademeasure.com.au to see the latest colours and stitching options

New Items

Our range is continually evolving.
We often experiment with new
ideas and new materials.
