

## PEAK & HOLD INJECTOR CHART

2A/0.5A	4A/1A	8A/2A
 <p><b>Bosch 160 lb/hr</b> Controls up to 4 injectors with 3 to 7 ohms of impedance.</p>	 <p><b>Siemens/Precision 225 lb/hr</b> Controls up to 4 injectors with below 3 to 1.5 ohms of impedance.</p>	 <p><b>Billet Atomizer Injectors / Precision 500 lb/hr</b> Control up to 4 injectors with impedance below 1.5 ohms.</p> <p>All low impedance Billet Atomizer Injectors manufactured after Nov. 2012 require 8A regardless of measured resistance.</p> <p>Note: Billet Atomizer Injectors - Anything prior to serial # C300**** should only use the 4A/1A. This only applies to injectors manufactured prior to Nov. 2012.</p>
