

WKS-4RF

Wik-Scutcheon

WIKK'S 4R-5 SHOWN

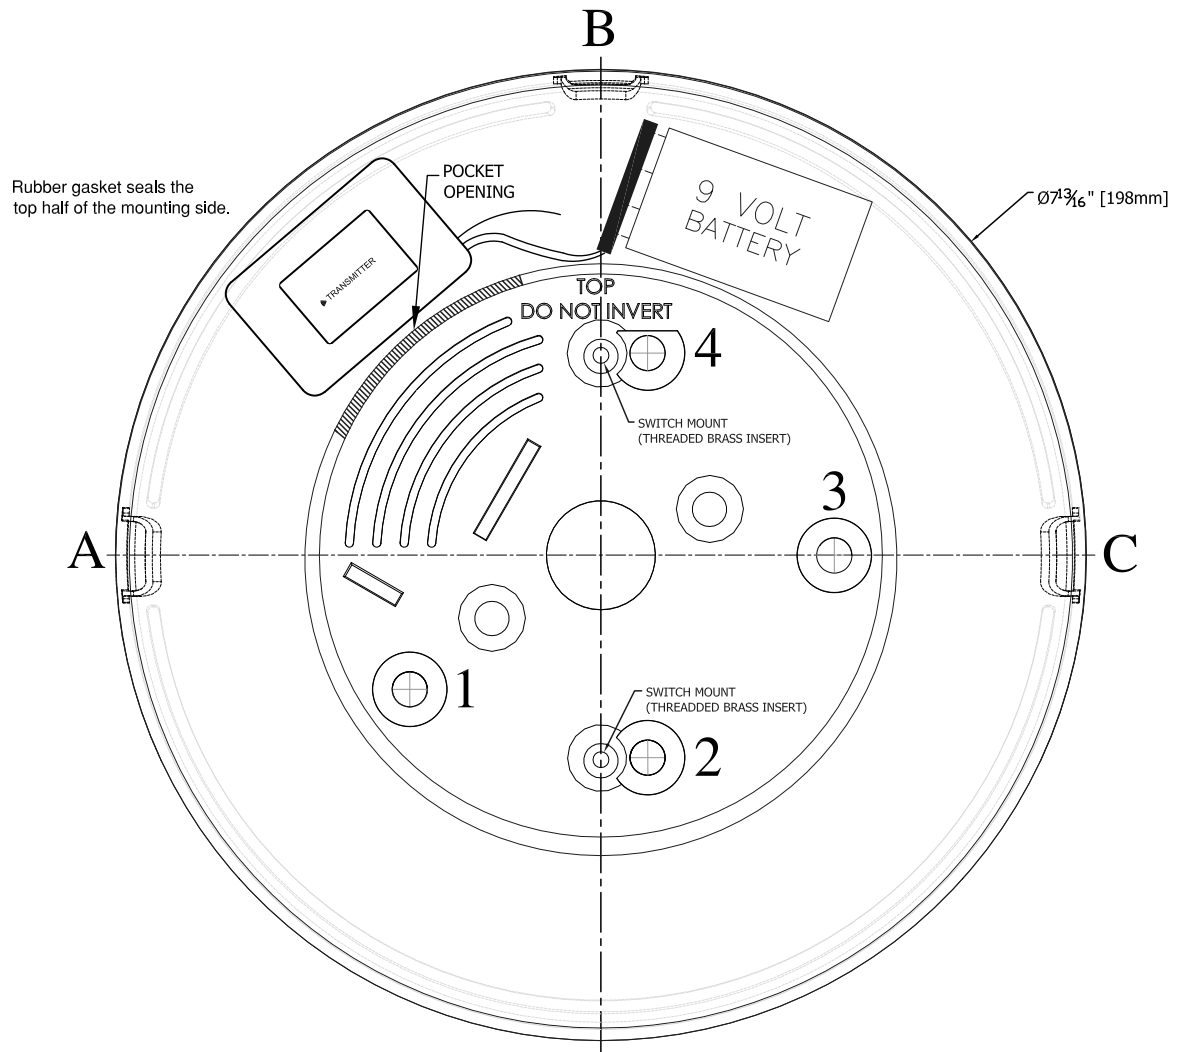

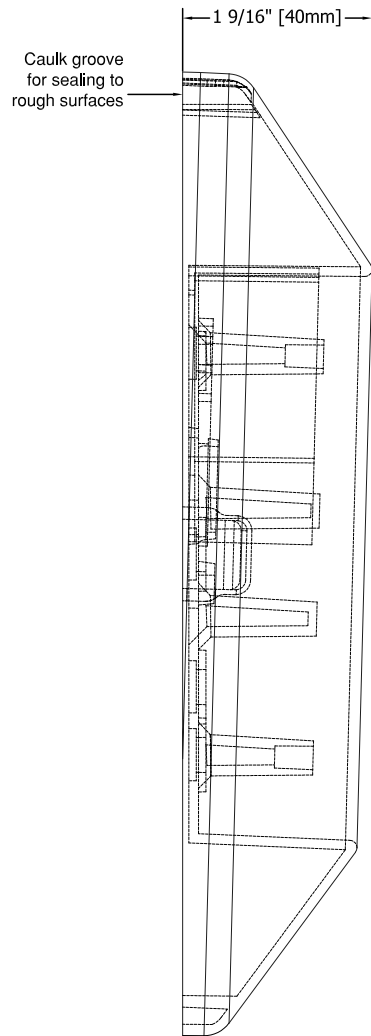

- Designed for 4-1/2 inch round switch for wireless or hard-wired applications
- Stocked in a matte black finish
- ABS material allows radio frequency transmission without interference
- Molded pocket for transmitter and battery (fits most standard brands)
- Vandal resistant design
- Beveled design to avoid catching clothing, etc.
- May be mounted directly to a single and double gang flush electrical boxes.
- May be mounted near floor for activation by wheelchairs
(Mounting template supplied with the WKS-4RF)
- Perimeter cutout tabs for hard-wiring applications
- Channel in perimeter allows caulking to rough surfaces
- Rubber seal on reverse side reduces moisture infiltration
- Custom colors available, or can be painted in the field
- Request a quote for custom colors
