BALI BRONZE

The sarong-makers of Bali have intrigued Annie since her first visit in 1982. Bali Bronze is Annie's interpretation of the first sarong she collected, with an enlarged satin gold and copper Ikat design. The woven pattern is textured onto the glass to imitate the warp and weft of the sarong's weaving. Available in 5 sizes for entertaining or home accents.

POPPY GIANT SCULPTURE

To commemorate her 35th year in business, Annie set to work sculpting her largest piece ever. The rippling edges of the poppy show the intermittent 24k gold at its best. The bowl, like a flower, combines the delicacy of a petal's edge with undulating lines of opaque carved glass. Limited to a run of 500 pieces, all will be signed by the artist to honor the craft that is Annieglass. Each piece is accompanied by a special gift card.
