

# CASE STUDIES

**Maddaugh Elementary, Surrey BC:** Stormwater Detention System

## The Challenge

The burial depths & earth cover for this particular installation were outside Ecobloc standard installation parameters.

## The Solution

This EcoBloc tank had to be wrapped with a single piece, factory welded liner to avoid any leaks.

## Project Team

Supplier: BARR Plastics  
Developer: Surrey School District  
Engineer: Coastland

## Specifications

Volume (m<sup>3</sup>): 595  
Application: Detention

## BARR Product

Graf EcoBloc Inspect Flex  
Graf EcoBloc Maxx
